# DISTRIBUTION CATALOG

## GRAVEL AGENCY DEFENCE DIVISION

Gravel Agency is a leading supplier of firearms, ammunition and equipment for Law Enforcement, Military and Government personnel across Canada. We are the sole distributor, maintenance and warranty centre for world renowned companies like Remington, AAC, Barnes, Bushmaster and more. We work with industry leaders to provide tools that can be trusted in any situation. We offer service that is adapted to your needs, whether for Law Enforcement, Correctional Services or Tactical Units – and everything in between.

Headquartered in Québec and outfitted with the latest technology, Gravel offers the full spectrum service to fulfill every requirement, including firearm maintenance and repair, government purchasing and custom manufacturing.

## ADVANCING THE CAPABILITIES OF SMALL ARMS

The A.R.M.S.® S.I.R. System has more unique and helpful features for the professional user than all other devices combined. Only the A.R.M.S.® S.I.R. System allows you to have dovetail rails where you want them and not where someone else decided for you. No other system keeps the weapon as cool during firing as the A.R.M.S.® S.I.R. System.

Knowledge in all types of small arms weaponry, munitions, and accessories provides A.R.M.S.® clients a source of fast and reliable problem solving services in engineering, research and development, and product reliability.

Throw lever® rings 30 mm

**22L**

Harris-type bipod throw lever® mount

**32BIPODADAPTER**

Low profile flip-up rear sight .75 MOA

**40L**

Stand alone flip-up rear sight

**40**

Folding front sight • barrel-mounted

**41-B**

Series of front and rear sights with steel apertures

## PART NUMBER DESCRIPTION

### MOUNTS ACCESSORIES & RAILS ACCESSORIES

19-33	A.R.M.S. throw lever mount for acog TA-33
22-34	34 mm throw lever rings
22H	30 mm throw lever rings
22L	30 mm throw lever rings
22M	30 mm throw lever rings
22M68	Aimpoint comp. ring throw lever mount with A.R.M.S. MK II lever
22M68EXT	Cantilever extension for 22M68
22M68HALFSP	Trijicon tri-power throw lever mount with A.R.M.S. MK II lever
22TRC	Tactical ring cap
22TRR	Tactical ring rail
22TRS	Tactical ring sight
22-34SP	Spacer for 22-34 mm rings
23	Quick detach throw lever pistol grip
31/31OSSET	Aimpoint T-1 micro mount & offset adapter set
31/31SPSET	Aimpoint T-1 micro mount & offset spacer set
31OS	Aimpoint T-1 micro mount offset adapter
31SP	T-1 micro mount spacer
32BIPODADAPTER	Harris-type bipod throw lever mount
35M	Medium 30 mm track mounting rings
35QD	Quick detach throw lever mount
35UL	Ultra low 30 mm track mounting rings
36EXT(5.56)	Extended OSR Swan sleeve

## PART NUMBER DESCRIPTION

### SCOPE MOUNTS & RAILS

1RAIL	2 1/2" accessory rail
2RAIL	2 1/2" accessory rail
10	Acog multi position channel mount
12	CQ/T mount
15	Trijicon reflex throw lever channel mount
15SP	Trijicon reflex mount spacer
16T	Short carry handle mount for tri-power optic
17	Single throw lever tri-lock platform mount
17DL	Dual throw lever mount for sureFire M900 series flashlights
17DR	Throw lever dovetail rail mount
17S	Short single throw lever
18	M21/14 scope mount
19	Dovetail/stanag throw lever mount
19ACOG	Acog channel throw lever mount
19SACOG	Single lever acog channel mount
2	M16A1A2 scope mount
21	30 mm Stanag rings
2EXT	M16A1A2 scope mount 6.5" length
31	Aimpoint T-1 micro mount
38SEXT (ModGENII)	Super extended Mod gen II sleeve
50002	Top rail for 50C S.I.R.
72	BFM 50 Cal. plus MK II throw lever mount
78U	Tangent integrated tilt sight mount with universal rail
78UR-R	Tangent integrated tilt sight mount w/ #21 ring & univ rail

PART NUMBER	DESCRIPTION	PART NUMBER	DESCRIPTION
<b>OTHER ACCESSORIES</b>		50M-CV	S.I.R. system for carbine length

50CV03	Convertible top rail for 50M-CV	SLING SWIVEL	Sling swivel with screw driver tip

Advanced Armament Corp.

## THE BEST MUZZLE BRAKE TECHNOLOGY

AAC was formed in 1994 by a group of weapon enthusiasts who wanted to create the best signature-reduction devices in the industry. Through their passion for innovation and their willingness to challenge the limits of conventional thinking and technology, Advanced Armament Corp's products quickly became the standard in commercial and military silencers.

Today, AAC silencers and other muzzle attachments are in use around the globe, giving law enforcement personnel and elite special forces an essential tactical advantage, and providing civilians with the opportunity to customize their firearms to best meet their performance needs.

## MUZZLE BRAKES

Designed to dampen recoil and minimize muzzle rise during firing. They feature brake chambers that are carefully tuned to provide optimum recoil management and enhanced accuracy.

### 51T DEVICE

51T ratchet mount • Highly-efficient muzzle brake design and compatible with AAC® sound suppressors

**64132:** 5.56 mm caliber • 51-tooth • 1/2-28 thread

**64172:** 7.62 mm • KAC M110 • 51-tooth, 3/4-24 thread

**64178:** 7.62 mm caliber • 51-tooth • 5/8-24 thread

### 80T DEVICE

AAC® Cyclops™ silencer using an intuitive motion and gross motor skills • 50BMG caliber

**64129:** Cyclops™ • 80-tooth • M24-1 thread

**64130:** Cyclops™ • 80T-tooth • 1-14 thread

**64131:** Cyclops™ • 80T-tooth • 7/8-14 thread

### 90T DEVICE

7.62 mm caliber. AAC® 90T muzzle brakes are available for precision rifles chambered in 7.62 mm • .300WM, and .338LM • SR-series silencers utilize a dedicated 90T taper mount muzzle brake whereas the Titan and Mk13-SD silencers utilize a dedicated 90T non-taper muzzle-brake

**64133:** Mk13-SD • 7.62 mm • 90-tooth • 5/8-24 thread

**64169:** Mk13-SD • 7.62 mm • 90-tooth • M18x1.5 thread

**64187:** Mk13-SD • 7.62 mm • 90-tooth • M18x1 thread • Beretta / Sako / Tikka

**64188:** Mk13-SD • 7.62 mm • 90-tooth • 3/4-24 thread

**64189:** Mk13-SD • 7.62 mm • 90-tooth • 3/4-24 thread • KAC M110

### 90T DEVICE

AAC® 90T muzzle brakes are available for precision rifles chambered in 7.62 mm, .300 WM, and .338 LM • SR-series silencers utilize a dedicated 90T taper mount muzzle brake whereas the Titan and Mk13-SD silencers utilize a dedicated 90T non-taper muzzle-brake

**64158:** Titan-QD™ • 338 LM caliber • 90-tooth • M18x1.5 thread

**64181:** Titan-QD™ • 338 LM caliber • 90-tooth • 5/8-24 thread

**6418:** Titan-QD™ • 338 LM caliber • 90-tooth • 3/4-24 thread

**64183:** Titan-QD™ • 338 LM caliber • 90-tooth • M18x1 thread

**64184:** Titan-QD™ • 338 LM caliber • 90-tooth • 3/4-20 thread • Barrett 98B MRAD

**64243:** SR-7 • 7.62 mm • 90T taper mount for SR series silencers only • 5/8-24 thread

**64244:** SR-5 • 5.56 mm • 90T taper mount for SR series silencers only • 1/2-28 thread

## CARRIER GROUP

### MSR BOLT

Full-auto M16 style carrier

**64237:** MSR bolt carrier group • packaged • 5.56/300 BLK

### 90T FLASH HIDER

The Blackout flash suppressor is the most efficient design available

**64170:** Mk-46 • 5.56 mm • 90-tooth • Taper mount • 9/16-24 LH thread

**64171:** 7.62 mm • FN240 • 90-Tooth • Taper mount • .7812-24 thread

**64241:** SR-7 • 90-tooth • Taper mount • 5/8-24 thread • 90T taper Blackout flash hider for SR series silencers only

**64242:** SR-5 • 90-tooth • Taper mount • 1/2-28 thread • 90T taper Blackout flash hider for SR series silencers only

### 18T FLASH HIDER

The three prong design all but eliminates visible flash on centerfire rifle barrels as Short as 10" • AAC® M4-1000 or older model M4-2000 or 762-SD silencer • AAC® 18T Blackout flash hiders are available for rifles chambered in 5.56 mm and 7.62 mm 18T silencers were manufactured prior to 2010

**64137:** 5.56 mm • 18-tooth • 1/2-28 thread

**64140:** 7.62 mm • 18-tooth • 5/8-24 thread

**100909:** 7.62 mm • 18-tooth • 1/2-28 thread

### 51T FLASH HIDER

The Blackout is available in a wide variety of thread pitches to fit most of today's commercial and military rifles • Available in 5.56 mm and 7.62 mm

**64138:** 5.56 mm • 51-tooth • 1/2-28 thread • M.I.T.E.R. for SPR-M4 silencer only

**64139:** 7.62 mm • 51-tooth • 5/8-24 thread • for SCAR-H silencer only

**64141:** 5.56 mm • 51-tooth • 1/2-28 thread

**64142:** 7.62 mm • 51-tooth • 9/16-24 RH

**64143:** 7.62 mm • 51-tooth • 5/8-24 thread

**64144:** 5.56 mm • 51-tooth • M15x1 • G36C

**64725:** Standard socket • 7.62 mm caliber • 51-tooth • 5/8-24 thread

**64190:** 7.62 mm • 51-tooth • 1/2x28 thread

**101113:** 7.62 mm • 51-tooth • M15x1

### BLACKOUT FLASH HIDER

Non-silencer mount (NSM) • 1.6" overall length

**64176:** 7.62 mm • 5/8-24 thread

**64177:** 5.56 mm • 1/2-28 thread

**64740:** 9 mm • 1/2-28 thread

**64741:** 9 mm • 1/2-36 thread

**64742:** 7.62 mm • M14x1 LH

**64743:** Blackout ast attach 3-lug flash hider

## COMPENSATORS

The Brakeout® series of compensators are hybrid silencer mounting muzzle devices that embody traits of both a flash hider and muzzle brake.

### 2.0 COMPENSATOR

Compatible with the AAC® Blackout flash hider installation tool

**64206:** 5.56 mm caliber • 51-tooth 1/2-28 thread

**64238:** 5.56 mm caliber • 90-tooth • Taper mount • 1/2-28 thread

**64205:** 7.62 mm caliber • 51-tooth • 5/8-24 thread

**64239:** 7.62 mm caliber • 90-tooth • Taper mount • 5/8-24 thread

### BLASTOUT 51T

Reduce blast pressure and concussive forces while directing the muzzle blast forward of the shooter • 6 oz weight • 1.50" diameter • Body Outer diameter max at Latch - 1.57" • Blastout 51T works on all existing AAC® 51-tooth mounts regardless of caliber and device type (flash hider, compensator, or brake)

**64280:** 51-tooth • 2.5" length • 6 oz weight • 1.5" diameter • Ratchet mount • Nitride finish

**64281:** 90-tooth • 2.5" length • 6 oz weight • 1.5" diameter • Taper mount • Nitride finish

## MUZZLE DEVICE ACCESSORIES

### MUZZLE DEVICE TOOL

Enables armorers to quickly and easily install and remove a three-prong Blackout flash hider.

**64185:** Blackout flash hider installation tool

### SQUAREDROP ACCESSORY RAIL 3"

AAC®'s 3" Picatinny accessory rail is made of type 3 hard coat anodized 6061-T6 aluminum and the mounting hardware (nut/screw) is made of stainless steel.

**64267:** Squaredrop accessory rail 3"

**64272:** Squaredrop handguard 8" w/ wrench

**64273:** Squaredrop handguard 11.2" w/ wrench

**64274:** Squaredrop handguard 13.5" w/ wrench

## BARRELS

### THREADED PISTOL BARRELS

Manufactured in the USA by Stormlake™ to AAC® specifications • Broach cut rifling precision machined from 416R stainless bar stock • 1/16" twist • Black nitride finish • Thread protector included

**64220:** Glock 17 9 mm 13.5x1 LH • Nitrided • With thread protector

**64221:** Glock 19 9 mm M13.5x1 LH • Nitrided • With thread protector

**64227:** Glock 17 9 mm 1/2x28 • Nitrided • With thread protector

**64228:** Glock 19 9 mm 1/2x28 • Nitrided • With thread protector

**64229:** Glock 21 .45 auto. 578x28 • Nitrided • With thread protector

**64294:** Glock 34 9 mm 1/2"x28 • Nitrided • With thread protector

**64295:** Glock 34 9 mm M13.5x1 LH Nitrided • With thread protector

### 300 BLACKOUT BARRELS

The 4150 steel barrel features a black nitride finish (including bore and chamber), 1:7" twist for super or sub-sonic use. It comes ready for silencer use, threaded 5/8-24.

**64165:** AR/MPW barrel assembly with gas system • 9" length • 300 BLK caliber

**64166:** AR/MPW barrel assembly with gas system • 16" length • 300 BLK caliber

**64179:** AR/MPW barrel assembly with gas system • 12.5" length • 300 BLK caliber

## ADAPTORS

### SIG MOSQUITO ADAPTOR

This adapter allows you to attach any silencer with 1/2-28 TPI to the sig mosquito pistol with factory threaded barrel. Includes one 1/2-28 TPI thread protector.

**64150:** Sig arms mosquito adapter 22 LR caliber • 1/2-28 thread

### TRIAD ADAPTOR

The triad series are adapters that enable users to install an evo 9/eco 9 or Ti-RANT® series silencer onto an H&K MP-5 3-lug barrel or a barrel that has been adapted using a 3-lugged extension made to the same specifications as an H&K factory barrel.

EVO-9™ is not compatible with either the EVO 40 or EVO 45

Ti-RANT® series will install in all variants of the Ti-RANT® series

**64254:** Adapter • Triad 3 Lug for Ti-RANT® pistol silencer

### WALTHER P22 ADAPTOR

This adapter allows you to attach any silencer with 1/2-28 TPI to the Walther P22 pistol. Interfaces with both 3.4" and 5" barreled Models. Includes one 1/2-28 TPI thread protector.

**64151:** Walther P22 Smith & Wesson® M&P 22 LR full size adapter to 1/2-28

### MOUNT 3-LUG

Mount 3-LUG • .5-28 • M&P 22C • P22 • Halcyon

**64380:** Mount • 3-LUG • .5-28 • Halcyon

**64381:** Mount • 3-LUG • M&P 22C • Halcyon

**64382:** Mount • 3-LUG • P22 • Halcyon

# APPLICATION CHART

The following application chart provides a basic overview of our silencer models, the calibers they're compatible with, plus technical specs and features to help you determine which silencer is the right one for you.

AAC RIMFIRE SILENCER MODELS	CALIBERS	WEIGHT	LENGTH	DIAMETER
<b>HALCYON</b> 	17 HMR, 22 LR, 22 Win Mag, 5.7x28mm	6.1 oz Full 4.5 oz Compact	5.8" Full 3.41" Compact	1.0"

## EXACTING CONSTRUCTION

BCM® was founded in 2005 by a veteran United States Marine in Hartland, Wisconsin, where the company maintains its HQ today. BCM® builds weapon systems that are manufactured, reinforced and tested to meet the unforgiving needs of law enforcement, military, security and peace keeping professionals in some of the most high stress environments and situations in the world.

Exacting construction and rigorous durability are the standard for every weapon system that comes off our line. BCM® Professional Grade Weaponry® are hard use tools, built to perform in combat where unfailing performance is the only standard for men and machine.

## PISTOL GRIP

Offered in 3 configurations, the Mod 0 features a slim design, similar in size to the A1 and A2 pistol grips, the Mod 1 features a high rise back strap and the Mod 3 offers the high rise back strap and a 1/4" wider grip than the Mod 0 or Mod 1. Mod 1 and Mod 0 BCM® GFGs comes with two modular trigger guard Inserts that close the gap between the trigger guard and the pistol grip, while the Mod 3 has the extension baked into the design. Available in FDE, black and foliage green the grips also feature water resistant rubber gasket hinged trap doors with internal storage for batteries or other small items.

## CHARGING HANDLE

In the BCM GUNFIGHTER™ the tiny roll pin found in traditional Charging Handles is no longer a weak point. The BCM GUNFIGHTER™ features a stronger tactical latch system that will stay intact even under repeated support side only manipulation.

BCM GUNFIGHTER™ charging handle 556 • Handle machined from 7075 T6 billet • Hard coat anodized per Mil-A-8625F, type III, class 2 GFH  
**BCM-GFH-556-MOD-A44:** Ambidextrous  
**BCM-GFH-556-MOD-4:** Medium latch  
**BCM-GFH-556-MOD-5:** Small latch

**BCM-KMR-A13-556-BLK:** 13 inches length

**BCM-KMR-A15-556-BLK:** 15 inches length

### BCM® KEYMOD™ RAIL PANELS

Rail panels are ultra-slim surfaces with aggressive non-slip and non-reflective texturing. Ventilated for cooling, each panel is radiused to create a continuous tube surface when run on an octagonal profile handguard such as the BCM® KMR.

BCM GUNFIGHTER™ KeyMod™ rail panel kit • 5.5 inches (5 pack) • High-strength polymer material • Measurements: Length 5.550" • Width 0.625" • Thickness 0.100"

★ BCM®

HERITAGE. LOYALTY. RELIABILITY.

Through hard use in competition, and in the woods and prairies of America, Bushmaster has proven itself above all other MSRs. Driven by the spirit of innovation that began more than 38 years ago, using improved manufacturing techniques and advanced materials at its new facility in Huntsville, Bushmaster continues to enhance the ever versatile MSR platform, and many others. The "AR" in "AR-15" stands for ArmaLite rifle, the company that developed the design in the 1950s.

It will always be our mission to push the limits of performance, so you can push yours. Bushmaster. Proven.

## ACR®

### ACR® DMR

Bushmaster's adaptive combat rifle (ACR®) is as flexible as you need it to be. Building on their proven ACR® design, the designated marksman rifle (DMR) platform incorporates improved long range features that deserve attention. ACR® DMR 18.5" stainless, Melonite®-treated barrel, ACR® polymer handguard, Magpul® PRS stock and MIAD® grip, Geissele trigger, AAC 51T Blackout flash hider. 223 Rem / 5.56x45 NATO • Barrel length 18.5"

**90958:** BLK

### ACR® BASIC FEATURES

16.5" cold hammer-forged barrel with an innovative protective coating which uses a nitriding process that dramatically reduces wear for the ultimate in longevity and dependability. A2 birdcage-type hider to control muzzle flash. Adjustable, two-position, gas piston-driven system for fring suppressed or unsuppressed, supported by hardened internal bearing rails. Fully modular design all major components are configurable to user preference. Barrel, stock, and handguard are all interchangeable in less than 2 minutes without tools. Forward-mounted charging handle can be switched within seconds from left to right side of the upper receiver and is non-reciprocating during firing. Tool-less, quick change barrel system available in 10.5", 14.5", 16.5" and 18.5". Magpul® MBUS® front/rear flip sights. Fully ambidextrous controls including magazine release, bolt catch and release, safety selector and non-reciprocating charging handle. High-impact composite hand guard with heat shield, accepts rail inserts. High-impact composite lower receiver with textured magazine well and modular grip storage. Folding and six-position telescoping high-impact polymer stock with rubber butt pad and sling mount. Includes a 5/30-round PMAG® ACR.

**90838:** BLK

**90847:** COY

### ACR® ENHANCED

All the features of the basic ACR® with these additional features: folding and six-position telescoping high-impact polymer stock with rubber butt pad and sling mounts. Three-sided aluminum handguard with integral MIL-STD 1913 rail for accessory mounting. Two-point quick-attach mounts and sling. AAC® Blackout flash hider with exceptional signature reduction.

**90704:** BLK

**90705:** COY

### ACR® 450

This updated ACR has an FNC-treated 4150 CMV steel barrel fully ambidextrous controls and features a full time ambidextrous charging handle. This carbine-length model in 450 Bushmaster offers ultimate stopping power for deer bear or feral hogs. It has a black finish 16.5 barrel with a muzzle brake and includes a 5-round polymer magazine • Caliber: 450 Bushmaster • Barrel Length: 16.5 • Stock: 7-position folding/collapsible synthetic black • Twist: 1:24

**91060:** ACR 450 Bushmaster • 16" • BLK

**91070:** ACR 450 Bushmaster • 18 1/2" • BLK

90955

#### ACR® 6.8 SPC

The first of its kind, and the only rifle you need to master the infinite number of extreme scenarios you'll face in the worlds of law enforcement and personal defense. The basic ACR® features fully ambidextrous controls including magazine release, bolt catch and release, fire selector, and non-reciprocating charging handle • Caliber: 6.8 mm Remington SPC • Overall length: 35" • Weight: 8.2 lbs • Barrel length: 16.5"

**90955:** ACR® 6.8 SPC • 16" • BLK

90036

#### ACR® PISTOL

Bushmaster's ACR® (adaptive combat rifle) has been updated to take on new challenges, improving on functionality and modularity. This updated ACR® has an FNC-treated 4150 CMV steel barrel, fully ambidextrous controls, and features a full time ambidextrous charging handle. This AR pistol in 5.56 NATO has a black finish, 10.5" barrel with an AAC Blackout flash hider allowing rapid attachment of AAC silencers, and includes a 30-round Pmag.

**90036:** ACR Pistol • 10 1/2" • BLK

## XM-15 RIFLES

#### QUICK RESPONSE CARBINE (QRC)

A low profile gas block, 7075 forged A3 flat top upper receiver, bayonet lug and collapsible stock will make this bad boy the ultimate value AR15 on your shelf this year! 16" superlight 4150 barrel • FNC treated for maximum durability and longevity • 1 in 8" twist, Melonite® coated • A2 flash hider • Six position stock • 5/30 USGI magazine • 5.56/.223 caliber

#### HEAVY BARREL CARBINE

16" heavy profile chrome-moly-vanadium steel barrel. A2 (fixed handle) or A3 (removable handle) features 1/2 MOA elevation and 1/2 MOA windage adjustments. A3 upper has a Picatinny rail for optics attachment. Upper and lower receivers are machined from 7075 T6 aircraft aluminum forgings for light weight and added strength • Heavy carbine with telescopic stock • Ships with a lockable hard case • Operator safety manual • Chamber flag • Sling and 5/30-round magazine

**90212:** A2 • BLK

**90280:** A3 • BLK

90831

#### QUAD RAIL

Increase your options with the free-float quad rail. 16" M4 contour 4150 chrome-moly-vanadium barrel is chromelined in both bore and chamber • Features A2 birdcage-type flash hider to control muzzle flash. Free-float quad rail fore-end increases accuracy and enables accessory mounting • Six-position telescopic stock for light weight and quick handling. Ships with a lockable hard case • Operator safety manual • chamber flag • Sling and 5/30-round magazine

**90831:** BLK

**90289**

#### PATROLMAN'S CARBINE

Versatility on patrol or at the range. 16" M4 barrel is chrome-lined in both bore and chamber. Features A2 birdcage-type flash hider to control muzzle flash. Six-position telescopic stock for light weight and quick handling. A2 (fixed handle) features 1 MOA elevation and 1/2 MOA windage adjustments. A3 removable handle features 1/2 MOA elevation and 1/2 MOA windage adjustments. Ships with a lockable hard case, operator safety manual, chamber flag, sling and 5/30-round magazine.

**90216:** M4-A2 • BLK

**90289:** M4-A3 • BLK

**90910:** XM15 Patrolman A3 16" w/o handle • BLK

**90325**

## COMPETITION RIFLES

#### TARGET RIFLE

Amazing AR-style accuracy in your choice of barrels. A2 (fixed handle) or A3 (removable handle) upper receiver has a 300-600 meter rear sight system with 1/2 MOA elevation and windage adjustments. A3 upper receiver features a Picatinny mounting rail. 20" 4150 chrome-moly or stainless steel barrels. Ships with a lockable hard case, operator safety manual, chamber flag, sling and 5/30-round magazine.

**90242:** A2 • fixed handle • Chrome-lined barrel • BLK

**90325:** A3 • removable handle • Chrome-lined barrel • BLK

**90431**

## SHOOTING RIFLES

#### 450 BUSHMASTER

The 450 cartridge allows AR15 owners the flexibility to upgrade their familiar lightweight package to real big bore stopping power. 20" barrel rifle or 16" barrel carbine with 1 in 24" twist. Upper and lower receivers machined from a Mil-Spec aluminum forging. Free-floating, vented aluminum fore-end. Ships with a lockable hard case, operator safety manual, chamber flag, sling and 5/30-round magazine.

**90425:** 16" carbine • BLK

**90431:** 20" rifle • BLK

**90044:** Square drop carbine 16" • BLK

**90045:** Square drop rifle 20" • BLK

**90629**

#### PREDATOR RIFLES

Take on the Predators with devastating performance. Fluted 20" extra-heavy Bushmaster predator barrel (1" dia. out to gas block) with 11° competition muzzle crown. 1 in 8" twist (non-chrome-lined) for the heavier bullets, free-floated with a vented aluminum fore-end and bipod stud. Two-stage competition trigger (3 1/2 lb take up, 1 lb let off). Two 1 1/4" mini-risers for optics mounting. Hogue® rubberized pistol grip (black). Ships with a lockable hard case, operator safety manual, chamber block, sling and 5/30-round magazine.

**90629:** BLK

OPTIMAL BALLISTICS

**OUR QUALITY BASELINE**

With countless MSR parts built to varying degrees of quality by manufacturers the world over, it's good to know that every Bushmaster M4 is built to meet or exceed Mil Spec, right here in America. More than a benchmark, it's the heart of reliability that goes into every M4 that bears our name. The same proven tolerances, materials and finishes that serve those who defend freedom are the ones you'll find in every Bushmaster we make.

**90641**

## VARMINTER RIFLES

Fluted 24" extra-heavy Bushmaster varmint barrel (1" dia. out to gas block) with 11° competition muzzle crown. 1 in 9" twist (non-chrome-lined) free-floated with a vented aluminum fore-end and bipod stud. Two-stage competition trigger (3 1/2 lb take up, 1 lb let off). Two 1 1/4" mini-risers for optics mounting. Hogue® rubberized pistol grip (black). Ships with a lockable hard case, operator safety manual, chamber flag, sling and 5/30-round magazine.

**90641: BLK**

**90291**

## MOE® SERIES

### MOE® M4 TYPE CARBINE

Magpul® MOE® carbine handguard. Magpul® MBUS® rear flip sight. Magpul® MOE® pistol grip, accepts MIAD® storage cores. 16" barrel with chrome-lined bore and chamber. Magpul® MOE® adjustable stock and rubber butt pad. Magpul® MOE® vertical grip. Magpul® enhanced trigger guard. Ships with a lockable hard case, operator safety manual, chamber flag, sling and 5/30-round Magpul® PMAG®.

**90291: BLK**

**90829**

### MOE® DISSIPATOR CARBINE

Mid-length gas system for smoother recoil. Smoother recoil makes the difference. 16" heavy profile barrel with chrome-lined bore and chamber. Magpul® MOE® adjustable stock with strong A-frame design and rubber butt pad. Magpul® MOE® rifle-length hand guard, accepts rail sections. Magpul® MOE® grip. Magpul® MBUS® rear flip sight. Magpul® PMAG® 5/30-round Magazine. Rifle length sight radius for increased aiming accuracy.

**90829: BLK**

**90034**

### SQUARE DROP PISTOL

Action: semi-automatic • Caliber: 223 Remington / 5.56 NATO • Barrel length: 10" • Capacity: 30+1 • Grips: black hogue rubber • Weight: 5.2 lbs • Metal finish: black hard coat anodized

**90034: Square drop pistol • 7"**

**90035: Square drop pistol • 10"**

**90827**

### MOE® MID-LENGTH

Mid-length gas system for smoother recoil. Smoother recoil makes the difference. 16" heavy profile barrel with chrome-lined bore and chamber. MOE® M4-Type features listed above. 5.56 NATO/.223 Rem. 30/5-round magazine.

**90827: BLK**

**90102**

### 50 BMG, BA50

BA50, precision machined and built to last, it's as serious as it looks. 30" barrel with 1 in 15" twist. free-floated barrel within vented fore-end. Bolt action: left bolt/right port, for faster cycling of action. Equipped with AAC® Cyclops muzzle brake/silencer adapter, design for optimal recoil reduction and able to accept AAC® Cyclops 50 Caliber silencer. Disassembles like an AR-type rifle for cleaning and maintenance. MIL-STD 1913 rail on receiver and vented fore-end. Lower receiver machined from T6-6061 aluminum billet.

**90102: BLK**

## PARTS AND ACCESSORIES

### UPPER ASSEMBLIES

Built on the versatile Bushmaster modular AR upper platform. Barreled upper receivers can be used on existing AR15-type lower receivers. Bushmaster 4150 chrome-moly-vanadium steel barrels feature hard-chrome lining in both bore and chamber for extended barrel life. All receivers feature integral brass defectors and hard anodized finish. Each assembly is factory headspaced, proofed, test-fired and ready to use. Forged, lightweight 7075T6 aircraft-quality aluminum receivers incorporate all M16A2 design improvements including cartridge case deflector, bolt catch assembly and raised ribs for protection against accidental magazine release.

#### AR-15 V-MATCH UPPER RECEIVER ASSEMBLY

Chrome-lined bore and chamber • Carbine length aluminum free float fore end milled low profile gas block • Bolt carrier assembly • 5.56x45 mm NATO 16" BBL • ORC

**92194: BLK**

#### XM15 AR-15 A3 UPPER RECEIVER ASSEMBLY

XM15 pre-ban upper 16" M4 barrel chrome-lined in both bore and chamber • A2 birdcage-type flash hider • Flat top receiver • Bolt carrier assembly • w/o handle • 5.56x45 mm NATO 16" BBL

**91823: BLK**

**AR-15 A3 VARMINTER UPPER RECEIVER ASSEMBLY**  
Varminter • Fluted • Extra heavy • Non-chrome-lined 24" barrel with 1 in 9" twist • 5.56x45 mm NATO • 24" BBL

**92820: BLK**

#### XM15 AR-15 A3 UPPER RECEIVER ASSEMBLY

A 16" M4 contour barrel • Low-profile milled gas block • Four-rail rifle length • Free-foat tube • AAC Blackout muzzle break

**92866: BLK**

#### ACR BARREL CONVERSION

Caliber: 5.56 mm • Quick detach barrel system 51t AAC flash hider adapter Hammer forged 4150 chrome moly vanadium • Melonite® (FNC) treated

**91750: 18.5" • BLK**

**91751: 16" • BLK**

**91752: 14.5" • BLK**

**91753: 10.5" • BLK**

#### AR-15 A3 UPPER RECEIVER ASSEMBLY

450 Bushmaster AR-type gas operating system drastically reduces recoil for excellent second shot control.

**91700: BLK**

**91702: 20" BBL • BL**

#### AR-15 A3 PREDATOR UPPER RECEIVER ASSEMBLY

Predator vented, free-floating fore-end and scope risers on a flat-top upper • 11" competition muzzle crown and milled gas block • Fluted • Extra heavy • Non-chrome-lined 20" barrel with 1 in 8" twist • 5.56x45 mm NATO 20" BBL

**92450: BLK**

#### AR-15 A3 PATROLMAN'S UPPER RECEIVER ASSEMBLY

Patrolman's carbine 16" M4 profile chrome-lined barrel with A2 flash hider • 5/30-round magazine included • Detachable carry handle • Bolt carrier assembly • 5.56 mm NATO 16" M4 BBL

**91822: BLK**

#### AR-15 E2S M4 COMPLETE LOWER RECEIVER

Trapdoor lower for multi-caliber • Solid A2 buttstock with trapdoor storage compartment

**92958: BLK**

#### AR-15 E2S M4 COMPLETE LOWER RECEIVER

Six-position telescopic stock and pistol grip • Complete lower receiver with all Bushmaster components, ready to assemble into your upper receiver • Multi-caliber

**92952: BLK**

#### ACR® FIXED STOCK

High-impact polymer fixed stock • Skeletonized for lighter weight • Adjustable comb height for proper sight alignment • Rubber butt pad

**92981: BLK**

**92982: COY**

#### AR LOWER RECEIVER PARTS KIT • CLAMPACK

Everything necessary to completely build up lower receiver (minus buttstock assembly).

**93384**

#### AR-15 E2S M4 COMPLETE LOWER RECEIVER

Ace skeleton stock lower • Ace skeleton stock features a rubber butt pad • Neoprene foam sleeve over extension tube and multiple mounting points for Q.D. sling swivel (included)

**92960: BLK**

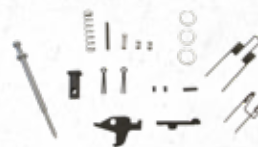

#### ACR® FOLDING STOCK

High-impact polymer right-folding stock • Seven-position telescoping stock for length of pull adjustment • Adjustable comb height for proper sight alignment • Rubber butt pad

**92987: BLK**

**92988: COY**

#### AR FIELD REPAIR KIT • CLAMPACK

Field repair kit includes: High breakage • Loss items for AR-15

**93380**

#### ACR® MAGPUL® PRS STOCK

Adjustable length of pull and comb height machined aluminum adjustment knobs with positive locking click detents, black phosphate coated solid alloy steel adjustment shafts.

**92980: BLK**

#### AR LOST PARTS KIT • CLAMPACK PART

The most critical springs, detents, inserts and pins you need.

**93382**

#### ACR® POLY HANDGUARD

Magpul-designed free-floated poly handguard • Constructed from light weight, reinforced, heat-resistant polymer • Slot positions on sides and bottom allow for attachment of Picatinny rails and accessories mounting • Ergonomically engineered for comfort and control

**92983: BLK**

**92984: COY**

## EXCEPTIONAL TRIGGER PULL DYNAMICS

CMC's innovative, self-contained and easy-to-install AR-15 trigger groups have been completely re-tooled to maximize production capacities, incorporate new design enhancements and reduce cost. CMC's AR-15 trigger groups have always yielded exceptional trigger pull dynamics for our tens of thousands of satisfied customers. However, keeping up with high demand has been difficult since introduction.

CMC is confident the new production tooling and setup, incorporating the most advanced methods available, will not only yield the highest quality.

## TRIGGERS

CMC patented one-piece assembly installs in minutes. Check for safe and proper function and you're done!

Installation of the trigger group is quite simple: insert the one-piece assembly, install the supplied pins. No screws to adjust or worry about coming loose at the worst possible time.

No cheap tricks or compromises: Full-strength rocket wire springs for fast lock-time and reliable discharge with factory or military ammo.

Tolerances of +/- .001" for all engagement surfaces. Hammer, trigger, disconnect and pins are made with the highest grade, hardest, longest-wearing materials available. The assembly is contained in a high-grade 410 stainless steel housing.

**BUILT. TESTED. PERFECTED.**

DPMS was founded in 1985 in St. Cloud, Minnesota. The company got its start as a precision machine shop manufacturing M203, M14, and M16 parts for U.S. military contracts. In the late 1990s, the company began producing AR-15-style rifles, and quickly experienced rapid growth.

Today, DPMS Panther Arms™ is second only to Bushmaster in terms of AR-15 manufacturing volume, and the company holds five U.S. patents. DPMS remains a leader in innovation, delivering world-class firearms through their GII series, currently used by law enforcement agencies, military personnel, and civilians worldwide.

**60542**

### RECON 5.56/.223

The DPMS® Recon is one of the sharpest looking ARs on the market today. It delivers accuracy without the weight of a full-size precision rifle. Equipped with the Magpul® MOE® stock, grip, enhanced trigger guard, and back-up sights.

**60542:** BLK

**60543:** 5/10-round mag • BLK

**60544**

### MINI SASS

Born out of military necessity. The semi-auto sniper system (Sass) was designed to provide a marksman a weapon that could accomplish both their long-range precision mission, and provide rapid defensive fire when needed.

**60544:** BLK

**60531**

### ORACLE 5.56/.223

The best value around. Quite possibly our best value yet. This lightweight optics ready carbine features a mil-std A3 upper receiver, lightweight barrel and Pardus stock for user comfort and advanced capability. All of this and plenty more, at a price set for any budget.

**60531:** BLK

**60532:** 5/10-round mag • BLK

**60560**

### ORACLE™ .308

The Oracle™ .308, much like it's 5.56 little brother, is one of our most popular rifles due to its compact size, rugged military carbine features and .308 firepower. Just add optics and ammo and it's ready to hunt or turn heads at the range.

**60560:** BLK

## VARMINT RIFLES

**60508**

### BULL 24

Otherwise known as a prairie dog's worst nightmare. The DPMS® Bull 24 comes equipped with a free-float 24" stainless steel bull barrel and delivers more than enough power for any type of varmint that happens to cross your path.

**60508:** BLK

**60507**

### SWEET 16

One of the sweetest shooting carbines you'll ever find. The DPMS® sweet 16 comes with a free-float 16" stainless steel bull barrel and is fully capable of full-size accuracy. Yet, it's short and light enough to handle easily or carry directly to your hunting spot.

**60507:** BLK

60509

## BULL 20

Erase varmints with supreme accuracy. Our most popular bull barrel .223 Rem rifle, the DPMS® Bull 20 is the standard for all bull barreled AR rifles.

**60509:** BLK

## STANDARD CONFIGURATIONS

60505

## AP4 CARBINE

Built to be as tough as the mission ahead. The current standard for military and law enforcement. The DPMS® AP4 carbine has been sold to thousands of law enforcement officers, agencies, civilian contractors, military, and countless US service members. No wonder the AP4 is the most trusted and best-selling AR rifle in the history of DPMS®.

**60505:** BLK

60527

## LBR

The best all-around lightweight carbine out on the range. The LBR just might be the ultimate carbine for someone needing a compact rifle without all the tactical frills. Don't let the lightweight barrel or overall size fool you, the stainless steel barrel comes from the same blanks we use to make our premier sporting barrels.

**60527:** BLK

60521

## 3G1

DPMS® first and most popular 3Gun rifle in both .223 and .308. The DPMS® 3G1 brings the most preferred custom match rifle features to the range directly from a factory box. These rifles tear down any financial barriers to entering the competitive multi-gun community.

**60521:** BLK

60520

## 300 BLACK SILENCER READY

Built to order, built for duty. Smash the stereotypes. Based on the innovative 300 AAC® Blackout cartridge, this rifle has the new DPMS® M111 modular free-float tube, so you choose how much rail you want. Comes equipped with either a sleek AAC® Blackout suppressor adapter, or an inert, slipover mock suppressor. No special bolts or mags required.

**60520:** BLK

60529

## DPMS® MOE SL

Caliber: 5.56 NATO • Weight (lbs): 7 1/3 lbs • Length: 33.75"-37.5" • Barrel: 16" 4150 chrome lined • Twist: 1x7 • Upper receiver: forged A3 type • Lower receiver stock: forged 7075 • Stock: 6 position Magpul® MOE SL • Fire control: DPMS® 2 stage • Handguard: Magpul® MOE SL • Pistol grip: Magpul® MOE SL • Flash hider: AAC Blackout

**60529:** DPMS® MOE SL carbine

**60530:** DPMS® MOE SL carbine • FDE

DPMS GII

DPMS GII

60224

## GII™ CONFIGURATIONS

### GII™ AP4

Lighter, stronger, and even more badass. The 16" GII LR 308 is everything you would expect from an improvement to the award winning LRAP4, which was the second AR to win an NRA golden bullseye award. Which AR was the first you ask? None other than the DPMS® 24" LR308. Lightweight 16" barrel, AP4 stock, DPMS® carbine length glacier guard and Magpul® Gen II rear sight.

**60224:** BLK

60232

### GII™ MAX WARRIOR

Configured for the no-nonsense operator. Maxed out with black Magpul® MOE® furniture, back-up sights and sling adapter, this carbine is functional and comfortable. This warrior is prepared for battle.

**60232:** BLK

60222

### GII™ RECON

The 16" GII™ Recon is just as battle ready as the original .308 Recon, but weighing less means, you can run it at your next high-round count carbine course without needing to bulk up your upper body first. 16" stainless steel bead-blasted barrel • DPMS® hunter gas block • 4 rail • Free float tube • Magpul® MOE® pistol grip and stock

**60222:** BLK

**60558:** 5/10-round mag • BLK

60230

### GII™ SASS

The 18" GII™ Sass. The original Sass is used in many Law Enforcement agencies and Swat teams across the country, and was the gun used by the winning sniper in the 2012 CAN AM Police games. You take that tried and true performance and you throw it into a more versatile and lighter sniper platform, and you get a match made in long range heaven. A 30% weight reduction, 18" fluted stainless barrel, 4 rail free float tube, Harris bipod and adapter, Magpul® PRS® stock and Gen 2 MBUS®.

**60230:** BLK

60236

### GII™ BULL

The 24" GII Bull is every bit as accurate as the original award winning bench rest shooter, but in a 20% lighter package. The diehard long range DPMS® fans now have the next generation to show off at the range. 24" stainless steel bull barrel, standard length free float tube, and A2 Mil-Spec buttstock.

**60236:** BLK

**60238**

### GII™ HUNTER

The 20" GII™ Hunter lives up to its name, combining big-game knock-down power with tact-driving precision in a lightweight platform. It's loaded with features but light enough to carry all day. 20" target crown lightweight stainless steel barrel, enhanced carbon fiber free float tube, Hogue® grip and Magpul® MOE® rifle stock • Caliber .308

**60238:** BLK

**60556**

### GII™ COMPACT HUNTER

6.9 lb of pure big-game knock-down. The GII™ Compact Hunter packs big-game punch in a lightweight MSR that's as easy to handle as it is easy-to-carry. At only 6.9 lb, it delivers full-size power and accuracy in a versatile solution that's built to hunt. Features include 16" 416 stainless steel, Teflon® coated barrel, free-floating carbon-fiber handguard, Hogue® pistol grip and B5 Sopmod stock • Caliber .308

**60556:** BLK

## GII FEATURES

# WHAT SETS THE GII APART? EVERYTHING.

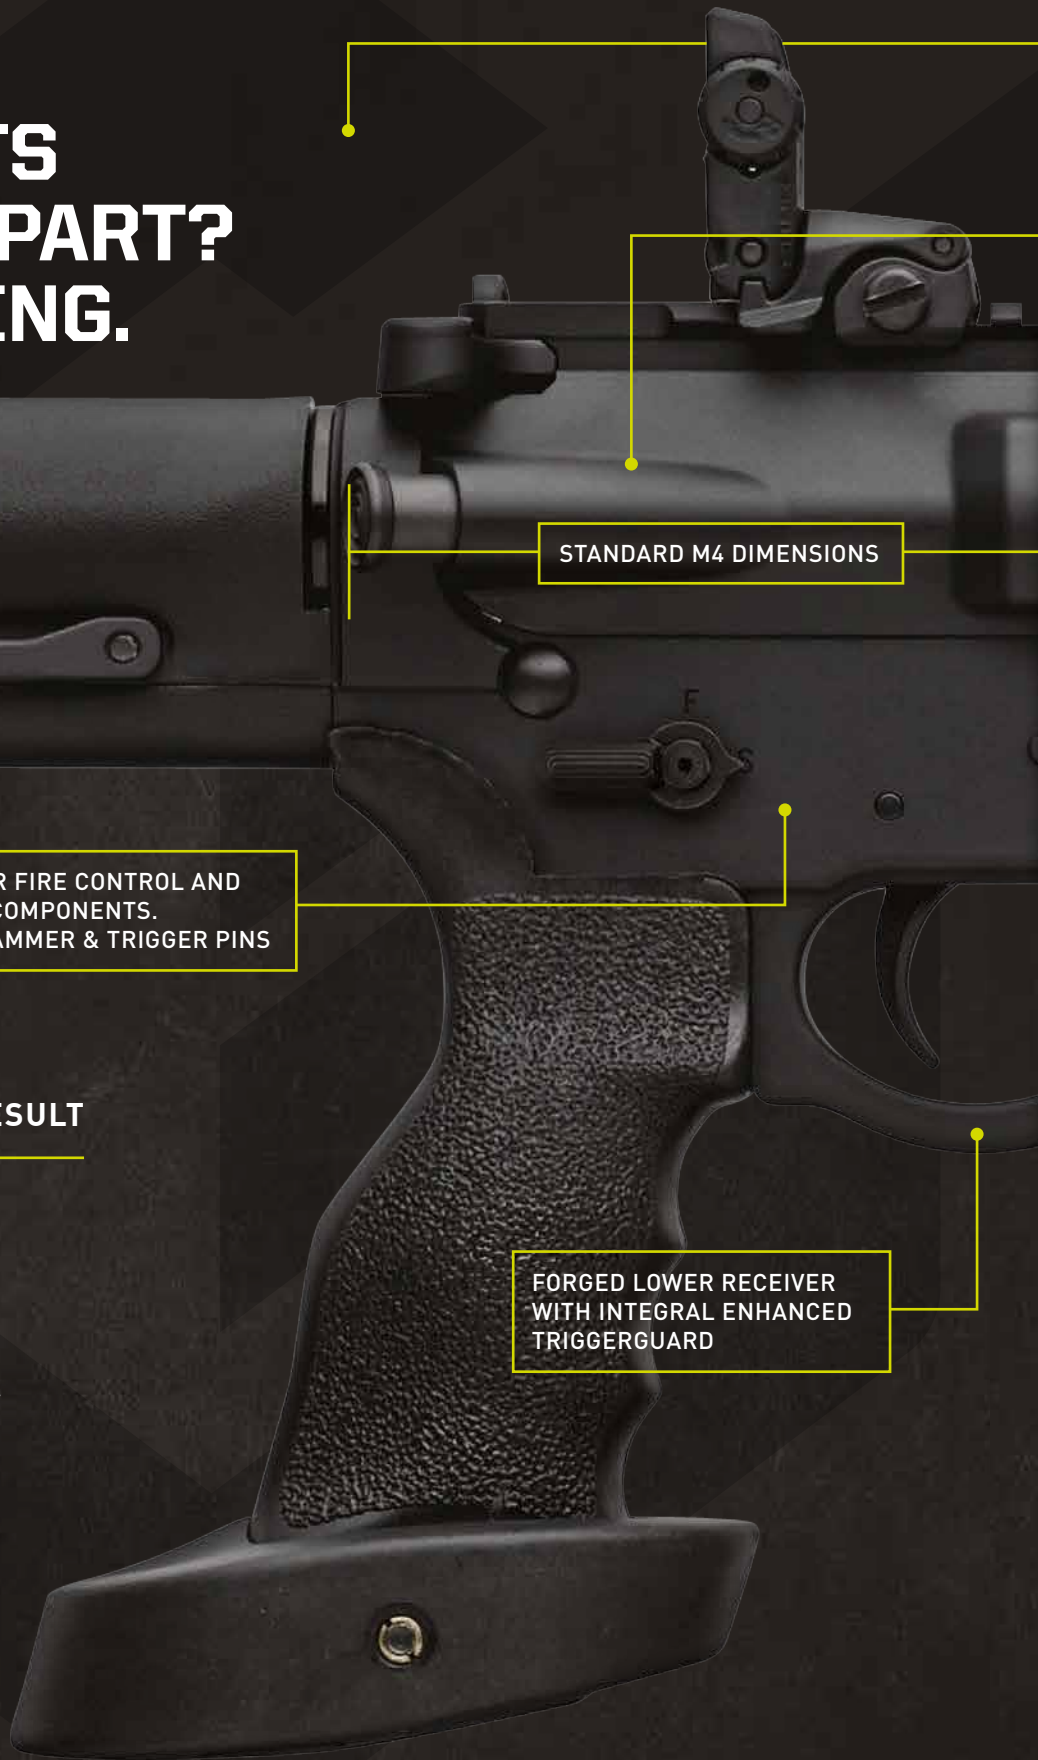

STANDARD M4 DIMENSIONS

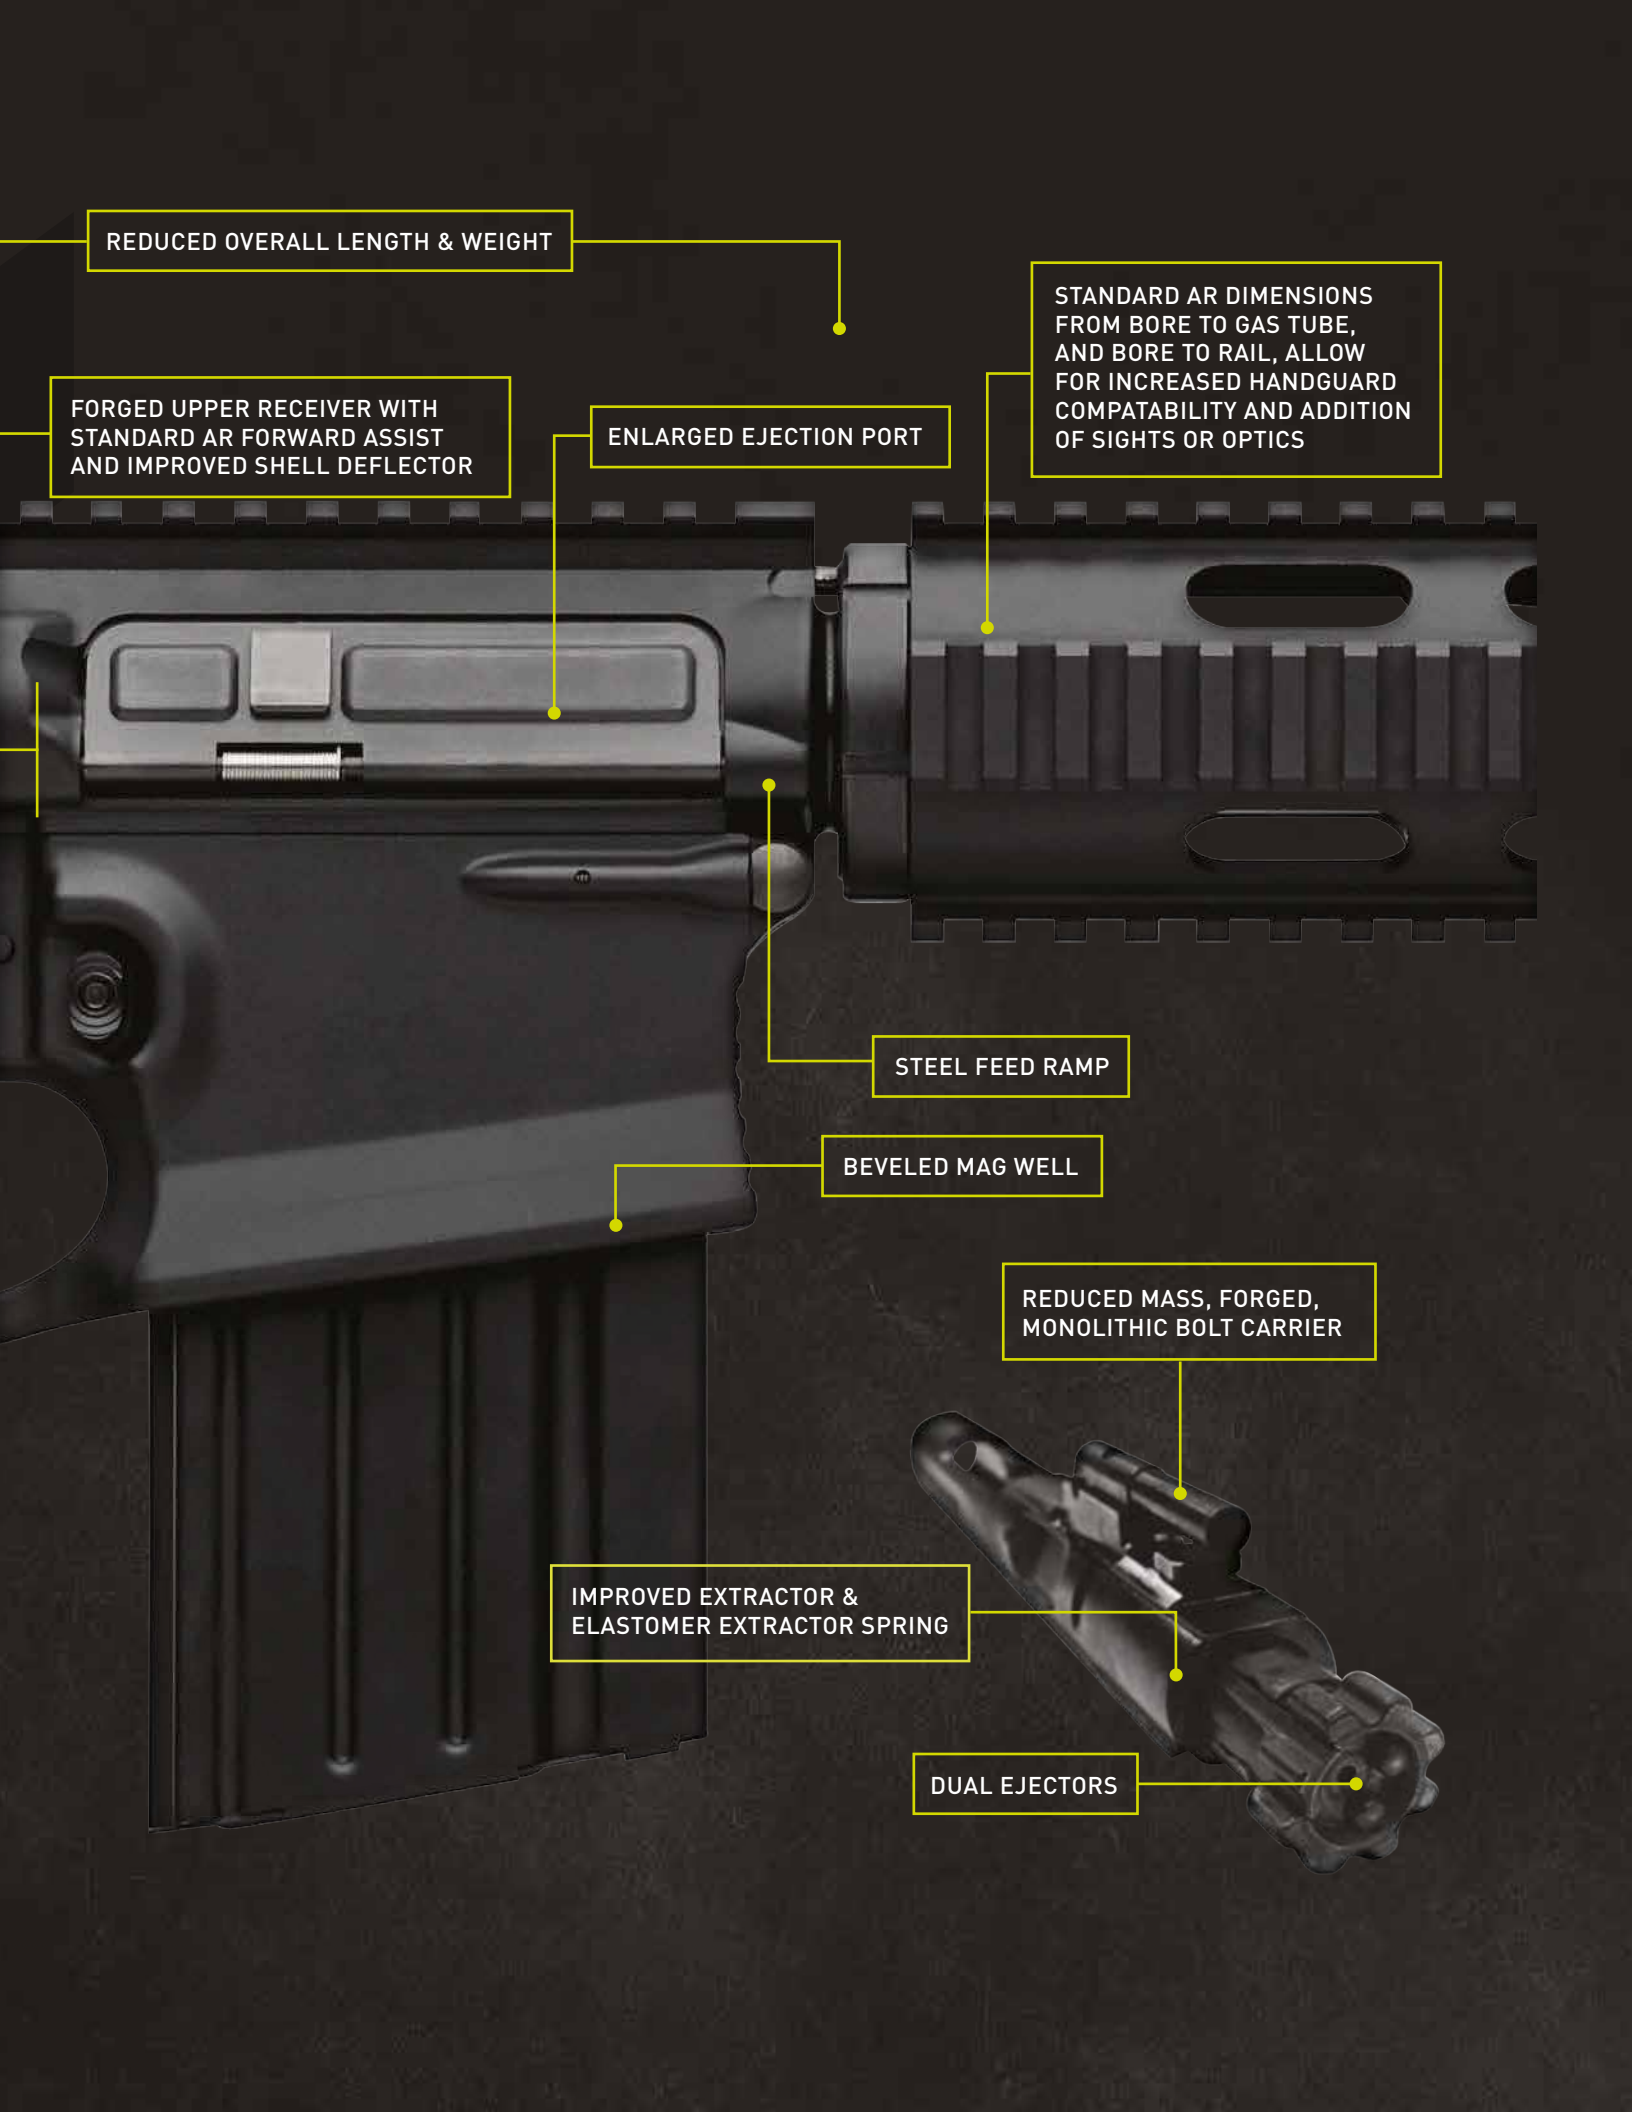

STANDARD AR FIRE CONTROL AND  
TAKE DOWN COMPONENTS.  
IMPROVED HAMMER & TRIGGER PINS

## GII IMPROVEMENT RESULT

- + RELIABILITY
- + LIGHTWEIGHT
- + IMPROVED HANDLING
- + INCREASED DURABILITY
- + LONGEVITY
- + VERSATILITY
- + ADAPTABILITY

FORGED LOWER RECEIVER  
WITH INTEGRAL ENHANCED  
TRIGGERGUARD

REDUCED OVERALL LENGTH & WEIGHT

FORGED UPPER RECEIVER WITH  
STANDARD AR FORWARD ASSIST  
AND IMPROVED SHELL DEFLECTOR

ENLARGED EJECTION PORT

STANDARD AR DIMENSIONS  
FROM BORE TO GAS TUBE,  
AND BORE TO RAIL, ALLOW  
FOR INCREASED HANDGUARD  
COMPATABILITY AND ADDITION  
OF SIGHTS OR OPTICS

STEEL FEED RAMP

BEVELED MAG WELL

REDUCED MASS, FORGED,  
MONOLITHIC BOLT CARRIER

IMPROVED EXTRACTOR &  
ELASTOMER EXTRACTOR SPRING

DUAL EJECTORS

**60680:** Retail pack A2 stock kit

**60724:** Retail pack .308 Gen I and Gen II buffer tube receiver extension assy

AR-15 fire control kit includes: AR-15 trigger • Hammer • Disconnecter • Safety selector

**60678:** Retail pack 5.56 fire control kit

**60700:** DPMS® .308 GII extractor & elastomer spring kit

Includes the following lower receiver parts: Pistol grip • Disconnecter • Selector • Bolt catch spring • Detent spring • Bolt catch buffer • Take down detent • Bolt catch • Magazine catch spring • Bolt catch roll pin • Magazine catch button • Magazine catch • Front pivot pin • Pistol grip screw • Pistol grip lock washer • Selector spring • Take down pin • Buffer retainer pin • Buffer retainer spring • Disconnecter spring

**60720:** .308 lower parts kit minus trigger

For Gen I rifles only • Delta pack includes: delta ring • Weld spring • Weld spring snap ring for the .308

**60605:** DPMS® .308 delta pack

**60670:** DPMS® delta pack

Lower receiver parts kit, less trigger group.

Pistol grip • Selector • Bolt catch spring • Detent spring • Bolt catch buffer • Take down detent • Bolt catch • Magazine catch spring • Bolt catch roll pin • Magazine catch button • Magazine catch • Front pivot pin • Pistol grip screw • Pistol grip lock washer • Selector spring • Detent selector • Take down pin • Buffer retainer pin • Buffer retainer spring

**60704:** AR-15 lower receiver parts kit • less trigger group

Lower parts kit W/O hammer, trigger, pistol grip.

Kit includes: Disconnecter selector • Detent spring • Bolt catch spring • Bolt catch buffer • Take down detent • Bolt catch • Magazine catch spring • Bolt catch roll pin • Magazine catch button • Magazine catch • Front pivot pin • Hammer spring • Trigger spring • Pistol grip screw • Pistol grip lock washer • Selector spring • Detent selector • Hammer pin • Trigger pin • Take down pin • Buffer retainer pin • Buffer retainer spring • Disconnecter spring

**60705:** Lower parts kit W/O hammer, trigger • Pistol grip

DPMS® AR multi-tool, Installs and disassembles: Free-float tubes • Barrel nut • Compensator • Barrel extension tube • Carbine stock • 1/2" dive for socket wrench • Screw driver tip for buttstock screw • Hole for hanging on wall • 4140 steel • Magnesium phosphated

**60733:** Multi-tool

DPMS® ultimate repair kit, kit includes: A15 disconnecter • Front pivot pin • Takedown pin • Extractor • 3 gas rings, firing pin retaining pin • Detent (selector) • Takedown detents • Trigger pin • Hammer pin • Hammer spring • Trigger spring • AR firing pin • Extractor pin • Gas tube roll pin • Ejector roll pin • Rear base spring pin • Trigger guard pin • Bolt catch • Release pin • Buffer retainer spring • Selector spring • Bolt catch • Spring • Detent spring • Ejector port cover spring • Front sight • Spring • Ejector spring • Extractor spring assembly • Disconnecter spring • Detent spring • Magazine catch spring

**60679:** Ultimate repair kit

AR style lower receiver parts kit includes: Pistol grip • Trigger • Hammer • Disconnecter • Selector • Bolt catch spring • Detent spring • Bolt catch buffer • Take down detent • Bolt catch • Magazine catch spring • Bolt catch roll pin • Magazine catch button • Magazine catch • Front pivot pin • Hammer spring • Trigger spring • Pistol grip screw • Pistol grip lock washer • Selector spring • Detent selector • Hammer pin • Trigger pin • Take down pin • Buffer retainer pin • Buffer retainer spring • Disconnecter spring

**60688:** Retail pack lower parts kit 5.56

**60690:** Retail pack lower parts kit .308

**60653:** DPMS® GII™ lower parts kit

## UNDISPUTED LEADER IN IMAGING SYSTEMS

EOTech® is the exclusive manufacturer and the world leader of holographic sighting systems for small arms, and is dedicated to continually producing high quality, battle tested products for our servicemen and women.

In 1996, he debuted its holographic sighting technology for military, sport shooting and hunting applications. The holographic weapons sight (HWS) increases target accuracy and speed of target acquisition. This HWS patented technology provides the user a parallax free sighting device that is nearly indestructible. In 2005, EOTech® was acquired by L-3 Communications, the sixth largest defense company in the United States.

## NIGHT VISION COMPATIBLE

### MODEL EXP33™

LxWxH: 3.8"x2.3"x2.9" • Weight: 11.2 oz • Water-resistant: 33 ft. (10 m) • Mount: Quick-detach lever fits both 1" weaver and MIL-STD-1913 rail • Brightness: 30 settings (10 for NV) • Power source: 1x123 lithium battery • Battery life (at room temp.): 600 continuous hours at nominal setting 12. 68 MOA ring with single 1 MOA dot

**EXP33-0:** BLK, TAN

**EXP33-2:** 68 MOA ring with (2) 1 MOA dots BLK, TAN

**EXP33-4:** 68 MOA ring with (4) 1 MOA dots BLK, TAN

### MODEL XPS3™

LxWxH: 3.8"x2.1"x2.5" • Weight: 9.0 oz (255 g) • Water-resistant: to 33 ft. (10 m) • Mount: 1" weaver or MIL-STD-1913 rail • Brightness: 30 settings (10 for NV) • Power source: 1x123 lithium battery

**XPS3-0:** BLK

**XPS3-2:** 68 MOA ring with (2) 1 MOA dots, BLK

### MODEL 552™

LxWxH: 5.6"x2.0"x2.5" • Weight: 11.1 oz (312 g) • Water-resistant: to 33 ft. (10 m) • Mount: 1" weaver or MIL-STD-1913 rail • Brightness: 30 settings (10 for NV) • Power source: 2xAA battery (supports lithium, alkaline or rechargeable) • Battery life (at room temp.): 1,000 continuous hrs (lithium) at nominal setting 12; 600 continuous with AA alkaline • 68 MOA ring with single 1 MOA aiming dot

**552.A65:** BLK

**552.XR308:** BLK

### MODEL 558™

LxWxH: 5.6"x2.2"x2.9" • Weight: 13.8 oz (391.2 g) • Water-resistant: 33 ft. (10 m) • Mount: 1" Weaver or MIL-STD-1913 rail • Brightness: 30 settings (10 for NV) • Power source: 2x AA battery (supports lithium, alkaline or rechargeable) • Battery Life: 1,000 continuous hrs (lithium) at nominal setting 12; 600 continuous with AA alkaline

**558.A65:** BLK

## NON-NIGHT VISION COMPATIBLE

### MODEL EXP52™

LxWxH: 3.8"x2.3"x2.9" • Water-resistant: 10 ft. (3 m) • Mount: Quick-detach lever fits both 1" Weaver & MIL-STD-1913 rail • Brightness: 20 settings • Power source: 1x123 lithium battery • Battery life: 600 continuous hrs at nominal setting 12. 68 MOA ring with single 1 MOA dot • Weight: 11.2 oz

**EXP52-0:** BLK

**EXP52-2:** 68 MOA ring with (2) 1 MOA dots, BLK

**EXP52-0GRN:** Green reticle pattern w/ 68 MOA ring-1 MOA dot - side QD lever

### MODEL XPS2-300™

LxWxH: 3.8"x2.1"x2.5" • Weight: 9.0 oz (255g) • Water-resistant: 10 ft. (3 m) • Mount: 1" Weaver or MIL-STD-1913 rail • Brightness: 20 settings • Power source: 1x123 lithium battery • Battery life: 600 continuous hrs at nominal setting 12. 68 MOA ring with (2) 1 MOA dots

**300 BLK:** BLK

**XPS2-300:** 2-dot reticle with .300 Blackout ballistics on hood, BLK

### MODEL XPS2™

LxWxH: 3.8"x2.1"x2.5" • Weight: 9.0 oz (255 g) • Water resistant: 10 ft. (3 m) • Mount: 1" Weaver or MIL-STD-1913 rail • Brightness: 20 settings • Power source: 1x123 lithium battery • Battery life: 600 continuous hrs at nominal setting 12. 68 MOA ring with single 1 MOA dot

**XPS2-1:** BLK

**XPS2-2:** 68 MOA ring with (2) 1 MOA dots, BLK

**XPS2-SAGE:** 68 MOA ring with (2) 1 MOA dots SAGE less lethal, BLK

**XPS2-FN:** 68 MOA ring with (2) 1 MOA dots FN less lethal, BLK

### MODEL 512™ LBC

LxWxH: 3.8"x2.1"x2.3" • Weight: 7.0 oz (197 g) • Water-resistant • Mount: 3/8" Dovetail • Brightness: 20 settings • Power source: 1x123 lithium battery • Battery life: 600 continuous hrs at nominal setting 12. 68 MOA ring with single 1 MOA dot

**XPS2-RF:** BLK

**XPS2-0GRN:** Single CR123 battery; Green reticle pattern with 68 MOA ring and 1 MOA dot, BLK

### MODEL 512™

LxWxH: 5.6"x2.0"x2.5" • Weight: 11.1 oz (312 g) • Water-resistant: 10 ft. (3 m) • Mount: 1" Weaver or MIL-STD-1913 rail • Brightness: 20 settings • Power source: 2xAA battery (supports lithium, alkaline or rechargeable) • Battery life: 1,000 continuous hrs (lithium) at nominal setting 12; 600 continuous with AA alkaline • 68 MOA ring with single 1 MOA dot

**512.A65:** BLK

### MODEL 512™ XBOW

LxWxH: 5.6"x2.0"x2.5" • Weight: 11.1 oz (312 g) • Water-resistant: 10 ft. (3 m) • Mount: 1" weaver or MIL-STD-1913 rail • Brightness: 20 settings • Power source: 2xAA battery (supports lithium, alkaline or rechargeable) • Battery life: 1,000 continuous hrs (lithium) at nominal setting 12; 600 continuous hrs with AA alkaline • X-Bow reticle with range assist

**512.XBOW:** BLK

## HOLOGRAPHIC HYBRID SIGHTS AND MAGNIFIERS

### MODEL HHS I™

LxWxH: 7.7"x2.3"x3.3" • Weight: 22.4 oz (635.1 g) • Water-resistant: 33 ft. (10 m) • Mount: 1" Weaver or MIL-STD-1913 rail • Brightness: 30 settings (10 NV settings) • Power source: 1x123 lithium battery • Battery life: 600 continuous hours at nominal setting 12 • 68 MOA ring with (4) 1 MOA dots

Complete system includes EXPS3-4 HWS • G33 magnifier • Switch to side mount with quick detach

**HHS I:** BLK

### MODEL G33™

LxWxH: 3.9"x2.2"x3.3" • Weight: 11.2 oz (317.5 g) • Water-resistant: 33 ft. (10 m) • Mount: 1" Weaver or MIL-STD-1913 rail • Magnification Fixed: 3X • Eye Relief: 2.2" (55.8 mm) • Field-of-view: 7.3° • Sealing: Fog-resistant internal optics •

3 power magnifier with (STS) switch to side mount (works with existing HWS units)

**G33.STS:** BLK, TAN

### MODEL HHS III™

LxWxH: 9.5"x2.3"x3.3" • Weight: 25 oz (708.8 g) • Water-resistant: 10 ft (3 m) • Mount: 1" weaver or MIL-STD-1913 rail • Magnification fixed: 3X • Brightness: 20 settings • Power source: 2xAA battery (alkaline or lithium) • Battery life: 1,000 continuous hrs (lithium) at nominal setting 12; 600 continuous hrs with AA batteries • 68 MOA ring with (2) 1 MOA dots

**HHS III:** BLK

## RIFLESCOPE

### VUDU 1-6X PRECISION

Magnification: 1-6x • Objective lens: 24 mm • First focal plane: Eye relief: 1x: 83-100 mm; 6x: 82-100 mm • Exit pupil: 1x: 11.4 mm; 6x: 4.0 mm • Field-of-view (degrees): 1x: 19.4 degrees; 6x: 3.2 degrees • Field-of-view (100 yards): 1x: 102.4 ft; 6x: 16.7 ft • Exterior finish: Flat black

**VDU1-6FFSR1:** Vudu 1-6x24 FFP riflescope • SR1 reticle (MRAD)

**VDU1-6FFSR2:** Vudu 1-6x24 FFP riflescope • SR2 reticle (MOA)

**VDU1-6FFSR3:** Vudu 1-6x24 FFP riflescope • SR3 reticle (MOA)

### VUDU 8-32X50 PRECISION

HC2 reticle • Second focal plane • 34 mm diameter maintube • 1/8 MOA impact point correction • 80 MRAD Windage • 100 MRAD elevation • Capped competition turrets • One-piece aluminum construction • AR-coated XC high-density glass • Nitrogen-filled • Waterproof/fogproof

**VDU8-32SFHC2:** HC2 reticle (MOA)

### VUDU 2.5-10X PRECISION

Magnification: 2.5-10x • Objective lens: 44 mm • First focal plane • Eye relief: 2.5x: 91-105 mm; 10x: 90-105 mm • Exit pupil: 2.5x: 11.7 mm; 10x: 4.5 mm • Field-of-view (degrees): 2.5x: 7.8 degrees; 10x: 1.9 degrees • Field-of-view (100 yards): 2.5x: 41 ft; 10x: 10.2 ft • Exterior finish: Flat black; Type III anodized • Illumination controls: Push buttons • Exposed optical surface treatment lens coating: Broadband anti-reflection coating

**VDU2-10FFH59:** Vudu 2.5-10x44 FFP riflescope • H59 reticle (MRAD)

**VDU2-10FFMD1:** Vudu 2.5-10x44 FFP riflescope • MD1 reticle (MRAD)

**VDU2-10FFMD2:** Vudu 2.5-10x44 FFP riflescope • MD2 reticle (MOA)

### VUDU 5-25X50 PRECISION

H59 Reticle • First focal plane • 34 mm diameter maintube • 0.1 MRAD impact point correction • 80 MRAD Windage, 100 MRAD elevation • Illuminated reticle • Locking elevation turret with zero stop • AR-coated XC high-density glass • Nitrogen-filled • Waterproof/fogproof

**VDU5-25FFH59:** H59 reticle (MRAD)

**VDU5-25FFMD3:** MD3 reticle (MRAD)

### VUDU 3.5-18X50FFP

First focal plane • Objective lens diameter 50 mm • Single-piece: 34 mm tube • XC™ high-density glass • Tactical turrets w/ EZ Chek™ zero stop • .25 MOA or .1 MRAD adjustments • Sunshade included • parallax adjustment

**VDU3-18FFH59:** H59 reticle (MRAD)

**VDU3-18FFMD1:** MD1 reticle (MRAD)

**VDU3-18FFMD2:** MD2 reticle (MOA)

**VDU3-18SFHC1:** HC1 reticle (MOA)

HWS® NON-NIGHT VISION-COMPATIBLE

MODEL  
**EXPS2™**  
GREEN RETICLE

See page 18 for specifications.

Achieve faster target acquisition with the new easy-to-see Green reticle that is approximately 6X easier to see than red in daytime. The EXPS2-GRN also maximizes rail space with its compact size and allows for co-witnessing of iron sights. It has convenient side buttons to add a magnifier and features an adjustable, locking, quick-detach lever for easy attachment and removal.

RETICLE

HWS® NON-NIGHT VISION-COMPATIBLE

MODEL  
**XPS2™**  
GREEN RETICLE

See page 20 for specifications.

Now with an easy-to-see Green reticle, the XPS is the shortest and lightest HWS sight yet. The Green reticle is approximately 6X easier to see than red in daytime which can lead to faster target acquisition. With a single 123 lithium battery configuration, the XPS provides additional rail space, leaving more room for rear iron sights or magnifiers. Also offering water-resistant capability up to 10 feet, the XPS2™ is a great compact option for your platform.

RETICLE

PRECISION RIFLE SCOPE

MODEL  
**vudu 5-25x50FFP**

See page 43 for specifications.

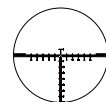

Parallax Adjustment

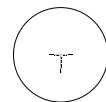

The New Vudu 5-25 x 50 mm is ideal for the short platform rifles. At approximately 11.2 inches in length, the 5-25x is one of the shortest first focal plane rifle scopes on the market. The elevation turret includes a push/pull locking system and EOTECH's EZ Chek Zero Stop allowing for quick adjustments and return to zero. One unique advantage of the short design is that it provides the ability to attach either a clip-on night vision or thermal device in front of the scope and still allow the user to make adjustments to the device without leaving the scope.

## FINEST FIREARMS ACCESSORIES

From their 21,000 square foot facility (17,000 main and 4,000 across the street) in Moriarty, New Mexico, Ergo Grips® develops and manufactures high performance small arms accessories to support civilian, law enforcement and military users. From innovative products like the Ergo Grip® to the F93 Pro Stock®, Ergo Grips® has expanded our product line to include a wide range of precision engineered weapon accessories.

What began as an enthusiast's hobby has grown into a vibrant firearm accessories operation.

### ERGO SURESTOP TACTICAL RAIL HAND STOP

Useful on short barrel rifles and shotguns • Can act as a hand positioning device

**4201-SS-BK:** BLK

### TACTICAL STOCK ADAPTER

Remington® 870™ • Use the Ergo Grip tactical stock adaptor to install AR-15 type stocks and pistol grips on your Remington shotguns

**4453:** BLK

### TACTICAL STOCK ADAPTER

Mossberg 500® • Use the Ergo Grip tactical stock adaptor to install AR-15 type stocks and pistol grips on your Mossberg 500/590 shotguns

**4454:** BLK

### 8 SLOT KEY MOD UMP RAIL

Use your Picatinny accessories on your KeyMod handguards with this conversion system • The outside is a Picatinny rail • The inside is the mounting system to the Key Mod handguard • Hard anodized finish on 6061 T6 Aluminum

**4764:** BLK

### KEY MOD WEDGELOK™

7-slot KeyMod slot cover 4 pack

**4330-4PK:** BK, DE, GG, OD, PNK, PUR, REB

### ERGO TEXTURED SLIM LINE RAIL COVERS

Protects rails from damage and protects shooters from rail edges. Prevents damage to skin, gear and clothing that contacts rail edges. Molded in Santoprene® to provide a low profile, rubbery grip surface for improved weapon control.

**4379:** BK, DE, OD

Ergo 18-slot low profile ladder rail covers • 3 packs • Length: 6.8 inches

**4373-3PK:** BK, DE, CB, OD, PNK, FOL

Ergo diamond plate 15 slots full rail covers • 3 pack • Rubbery grip • Molded in Santoprene®

**4365-3PK:** BK, OD

Ergo long textured rail cover Length: 6.125

**4335:** BK, OD, OD

### ERGO NEVER QUIT MAGWELL GRIP

Reconfigures the squared shape of the AR/M4 magazine well into an ergonomic and comfortable grip option.

**4965:** BK, PUR, GG, PNK, CB, OD, DE

### ERGO KEY MOD

Hand stop/barricade • Aggressive textured front for enhanced traction on barricades and obstacles

**4230-BK:** BLK

### GRIP

Fits AR15 type firearms in .223 and .308 • Integrated rear upper extension supports the web of your hand • Aggressive texture • Virtually impervious to oils and solvents

**4009:** BK, DE, OD, PUR

### TACTICAL DELUXE GRIP WITH PALM SHELF

Tactical Deluxe with Palm Shelf is the same size and shape as the Tactical Deluxe grip but has the addition of an adjustable palm shelf to support your firing hand. This grip excels on precision rifles. Ambidextrous palm swell. Adjustable palm shelf. Fits medium to large hands best.

**4055:** BK, DE, OD

### ERGO ENHANCED LOWER PARTS KIT

High quality AR-15 enhanced lower parts kit from Ergo comes with all the parts to complete your AR-15 lower with the exception of the fire control group.

**4979:** BLK

### TACTICAL DELUXE GRIP

Fits AR15 type firearms in .223 and .308 • Over molded suregrip material with heavy texture

**4045:** BK, DE, OD

### ERGO TRIRAIL FOREND

ERGO Three Rail Shotgun Forend provides Remington® 870 shooters with a tri-rail mounting platform for their forend. Constructed of 6061 T6 anodized aluminum. Adds to versatility of weapon. Will accept vertical foregrips, lights, etc. 6 1/4" Tube Length. Includes Black ERGO LowPro Rail Covers.

**4870:** BK

### ULTRA LITE™ S KEYMOD

2-piece Hand-guard, Aluminum drop-in replacement KeyMod hand guards for AR carbines. 4.9 oz, weighs less than standard military M4 plastic hand guards. 1.95" in height and 1.6" in width. KeyMod slots on both sides and bottom. Integral top MIL-STD 1913 Picatinny rail. Includes one Dark Earth ladder rail cover to protect the top rail and for shooter grip and comfort. Machined form 6061-T6 aluminum. Cerakoted Dark Earth.

**4807:** BK

### ERGO Z FLOAT RAIL™

Two piece 6061 T6 hard matte black anodized aluminum construction. Thinner profile for enhanced forward control. Easy installation without removing barrel. Black hard anodized finish.

**4805:** Weight: 8 ounces. Length: Pistol length, 4 - 1/4 in, BK

**4809:** Weight: 11.3 ounces. Length: CAR / M4 length, 7 - 3/16 inches, BK

### ULTRA LITE™ Z KEYMOD 2-PIECE HAND-GUARD

Aluminum drop-in replacement KeyMod hand guards for AR carbines. The ultralight design, 5.6 oz, weighs less than standard military M4 plastic hand guards.

**4808:** BK

### ERGO F93 PRO STOCK

Eight position collapsible stock for AR style rifles provides one of the longest length of pull on the market with a fixed cheek piece for a constant and repeatable cheek weld in any of the eight stock positions. Once the butt is locked into position, the F93 has the feel of a fixed stock without the rattling and movement shooters are used to. Includes an over molded carbine length buffer tube, standard castle nut and ambidextrous sling plate. Includes rubber-like recoil pad for enhanced comfort and secure, positive placement. Includes 2 quick detach sling attachment points, 3 web sling attachment points and 2 sling hook attachment points. 8 inches from receiver to butt plate when collapsed, 12 inches when fully extended. F93 Strike Plate available.

**4925:** BK, DE, OD, REB, PUR, GG, PB

# **GEISSELE<sup>®</sup>** **AUTOMATICS**

## **PERFORMANCE AND RELIABILITY**

The Geissele<sup>®</sup> Mission, to prove, every day, that the Golden Rule works: "Do to others as you would have them do to you" Luke 6:31. "We Manufacture Confidence". Geissele Automatics was established in 2004 as a manufacturer of trigger mechanisms for the AR-15 rifle. Our first trigger, the Hi-Speed National Match, was designed by our Founder, Bill Geissele<sup>®</sup>, for CMP and NRA Hi-Power Rifle competition.

A derivative of the SSF trigger was developed to meet the needs of law enforcement and civilians who do not need select-fire capability. This trigger, the Super Semi-Automatic (SSA,) combines stellar performance with the safety, reliability and forgiveness for which 2 stage triggers are known.

## SUPER TRICON (SUPER T)

Type: 2 stage, 1<sup>st</sup> stage • Weight: 2.5 lbs, 2<sup>nd</sup> stage • Weight: 2.0 lbs • Total pull weight: 4.5 lbs • Non adjustable • Recommended use: Law enforcement, home defense, hunting • Pin size: Mil-Spec

**05-230:** BLK

## SUPER SEMI-AUTOMATIC ENHANCED (SSA-E)

Type: 2 stage, 1<sup>st</sup> stage • Weight: 2.3 lbs, 2<sup>nd</sup> stage • Weight: 1.2 lbs • Total pull weight: 3.5 lbs • Non adjustable • Recommended use: target shooting, precision shooting • Pin size: Mil-Spec

**05-160:** BLK

## SUPER SELECT-FIRE (SSF®)

For M4 carbine, type: 2 stage (single stage in full auto), 1<sup>st</sup> stage • Weight: 2.5 lbs, 2<sup>nd</sup> stage • Weight: 2.0 lbs • Total pull weight: 4.5 lbs • Full auto • Mode: 6.0lbs • Pull weight • Non adjustable • Recommended use: law enforcement, military • Pin size: Mil-Spec

**05-102:** BLK

## SUPER SEMI-AUTOMATIC (SSA®)

Type: 2 stage, 1<sup>st</sup> stage • Weight: 2.5 lbs, 2<sup>nd</sup> stage • Weight: 2.0 lbs • Total pull weight: 4.5 lbs • Non adjustable • Recommended use: Law enforcement, home defense, hunting • Pin size: Mil-Spec

**05-101:** BLK

## SUPER DYNAMIC 3-GUN SD-3G

Type: single stage, 1<sup>st</sup> stage • Weight: 4.0 lbs, 2<sup>nd</sup> stage • Weight: N/A • Total pull weight: 4.0 lbs • 3.25 lbs. or 4.0 lbs depending on spring • Non adjustable • Recommended use: 3 gun • Pin size: Mil-Spec

**05-166:** BLK

## SUPER DYNAMIC-ENHANCED (SD-E)

Type: 2 stage, 1<sup>st</sup> stage • Weight: 2.3 lbs, 2<sup>nd</sup> stage • Weight: 1.2 lbs • Total pull weight: 3.5 lbs • Non adjustable • Recommended use: target shooting, precision shooting • Pin size: Mil-Spec

**05-167:** BLK

## SUPER SCAR

For FN 16 and 17, type: 2 stage, 1<sup>st</sup> stage • Weight: 2.5 lbs, 2<sup>nd</sup> stage • Weight: 1.5 lbs • Total pull weight: 4.0 lbs • Non adjustable • Recommended use: Law enforcement, home defense, hunting • Pin size: Mil-Spec

**05-157:** BLK

## SUPER DYNAMIC -COMBAT (SD-C)

Type: 2 stage, 1<sup>st</sup> stage • Weight: 2.5 lbs, 2<sup>nd</sup> stage • Weight: 2.0 lbs • Total pull weight: 4.5 lbs • Non adjustable • Recommended use: law enforcement, home defense, hunting • Pin size: Mil-Spec

**05-165:** BLK

## HI-SPEED DMR

1<sup>st</sup> stage: 2.5 - 3.6 lbs • 2<sup>nd</sup> stage: 0.5 - 1.5 lbs • Total weight: 3.0 - 5.1 lbs

**05-129:** BLK

## SUPER MCX SSA

The Super MCX SSA was designed as a high performance, combat inspired two stage trigger. 4.5 lbs · Non-adjustable · Two stage trigger that provides the shooter with precise and accurate trigger control

**05-657:** Geissele curve trigger bow

**05-658:** M4 curve trigger bow

**05-659:** Super dynamic flat trigger bow

## SUPER APC9/45

Super APC9/45 trigger for the B&T APC9 and APC45 · With the world renowned quality and precision that Geissele is known for you can finally have an exemplary trigger upgrade for your B&T APC9 or APC 45

**05-685:** BLK

## SUPER 700

Super 700, 1 or 2 stage (for Remington 700, and R700 compatible actions)

**05-685:** 2 stage · Bronze

**05-733:** Single stage · Bronze

## 13" SUPER MODULAR RAIL MK8

Height: 2.3" · Length: 13" · Inner diameter: 1.35" · Outer diameter/distance across quadrants: 2,11" · Installed weight (w/ hardware): 10.6 oz

**05-285B:** BLK

**05-285S:** FDE

## 15" SUPER MODULAR RAIL MK8

Height: 2.3" · Length: 15" · Inner diameter: 1.35" · Outer diameter/distance across quadrants: 2,11" · Installed weight (w/ hardware): 14.7 oz

**05-286B:** BLK

**05-286S:** FDE

## SUPER MODULAR MK14

The MK14 super modular rail offers a smaller diameter and overall height, creating a slimmer package

**05-622S:** 7" super modular rail MK14 M-LOK™ · DDC (dessert dirt color)

**05-578S:** 9.5" super modular rail MK14, M-LOK™ · DDC (dessert dirt color)

**05-573S:** 13" super modular rail MK14 M-LOK™ · DDC (dessert dirt color)

**05-575S:** 15" super modular rail MK14 M-LOK™ · DDC (dessert dirt color)

## SUPER MODULAR MK13

The MK13 super modular rail offers a smaller diameter and overall height, creating a slimmer package

**05-579S:** 7" super modular rail MK13 M-LOK™ · DDC (dessert dirt color)

**05-577S:** 9.5" super modular rail MK13 M-LOK™ · DDC (dessert dirt color)

**05-559S:** 13" super modular rail MK13 M-LOK™ · DDC (dessert dirt color)

**05-576S:** 15" super modular rail MK13 M-LOK™ · DDC (dessert dirt color)

## 9.5" SUPER MODULAR RAIL MK8

Height: 2.3" · Length: 9" · Inner diameter: 1.35" · Outer diameter/distance across quadrants: 2,11" · Installed weight (w/ hardware): 8.7 oz

**05-284B:** BLK

**05-284S:** FDE

## 7" SUPER MODULAR RAIL MK8

Height: 2.3" · Length: 7" · Inner diameter: 1.35" · Outer diameter/distance across quadrants: 2,11" · Installed weight (w/ hardware): 8.7 oz

**05-363B:** BLK

**05-363S:** FDE

## SUPER PRECISION® VORTEX

SOPMOD certified Vortex · Super precision scope mount · Specifically made to be used with vortex 1-6 scopesS 30 mm for AR-15 platform

**05-329B:** BLK

## SUPER PRECISION®

Super precision 30 mm hyper extended for AR-15/M4 platform

**05-374B:** BLK

## AIRBORNE CHARGING HANDLE

The ambidextrous ACH is 3D machined from a solid block of aircraft grade 7075-T6 aluminum • 5.56 • DDC

**05-497S:** DDC (dessert dirt color)

## MCX SUPER CHARGING HANDLE

The MCX super charging handle (SCH<sup>®</sup>) is 3D machined from a solid block of aircraft grade 7075-T6 aluminum. Its ambidextrous design allows for seamless operation from either side of the weapon

**05-635B:** BLK

**05-635S:** DDC

## SUPER PRECISION<sup>®</sup> AIMPOINT<sup>®</sup> PRO

The super precision PRO mounts are precision machined from a single piece of 7075-T6 high strength aluminum

**05-625B:** BLK

**05-625S:** FDE

## SUPER PRECISION<sup>®</sup> COMPM4 SERIES OPTIC MOUNT

The super precision Comp M4 mounts are precision machined from a single piece of 7075-T6 high strength aluminum

**05-718B:** BLK

**05-635S:** DDC

## SUPER PRECISION<sup>®</sup> - T1 SERIES OPTIC MOUNTS

Super precision APT1 (1.93" height) • Optimized for Aimpoint T1 & T1 patterned optics • DDC

**05-543S:** DDC (dessert dirt color)

**05-544S:** Super precision MRO (1.93" height) • Optimized for Trijicon MRO • DDC (dessert dirt color)

**05-549S:** Super precision 30 mm 2.04" • DDC (dessert dirt color)

## PART NUM DESCRIPTION

### HANDLES

05-313B	Super charging handle (SCH) · Black, is 3D machined from a solid block of aircraft grade 7075-T6 aluminum
05-497B	Airborne charging handle (ACH) · 5.56 black, the ambidextrous ACH is 3D machined from a solid block of aircraft grade 7075-T6 aluminum
05-476B	Super charging handle (SCH) · 7.62 is 3D machined from a solid block of aircraft grade 7075-T6 aluminum

### MOUNT

05-730B	Super precision vanguard mount · 34 mm · Black
05-730S	Super precision vanguard mount · 34 mm · DDC

### ACCESSORIES

02-313	Fitting pin is designed to assist with trigger installations
04-246	Super 42 · Tungsten buffer weight · 1 tungsten weight to add over all weight to your buffer setup
05-231	Super gas block the bore of the SGB is machined to closely fit around .750" diameter
05-231N	Super gas block the bore of the SGB is machined to closely fit around .750" diameter
05-299	Lead weight side insert (each)-N/A, additional lead weight bars are available which can be slid behind the 3 and 9 o'clock Picatinny rail positions
05-314	AR-15/M4 reaction block (Mil-Spec buffer tube only), reaction block at the 12, 3, 6 and 9 o'clock positions
05-495	Super 42, braided wire buffer & spring combo was designed to improve the function and reliability of your AR-15 pattern rifle
15-193	AR-15/M4 super reaction rod
08-133	Geissele Mil-Spec lower parts kit with grip (less trigger with grip)
08-134	Geissele Mil-Spec lower parts kit (less trigger, no grip)
08-153	Maritime bolt catch, AR-15 reaction rod, work with any lower receiver designed to accept a Mil-Spec M16/M4 carbine bolt catch
10-169	AR-15, the AR-15/M4 reaction rod makes the removal and installation of barrels, flash hiders, gas blocks and hand guards much easier and simpler
10-225	Roll pin tool for gas block, hold a 0.0078" diameter, this tool is designed to securely hold a 0.078" diameter roll pin to start the pin installation in a gas block
10-247	AR10/SR25 reaction rod, makes the removal and installation of barrels, flash hiders, gas blocks and hand guards much easier and simpler
10-259	5.56 suppressor alignment gage (SAG), is a precision gage used to verify the alignment of a suppressor to the bore of a firearm barrel
10-260	7.62 suppressor alignment gage (SAG), is a precision gage used to verify the alignment of a suppressor to the bore of a firearm barrel
08-162B	Premium Mil-Spec buffer tube, 7075-T6, AR-15/M4 - Black
08-162S	Premium Mil-Spec buffer tube, 7075-T6, AR-15/M4 - DDC
08-163B	Premium Mil-Spec buffer tube assembly with Super 42, H1, 7075-T6, AR-15/M4 · Black
08-163S	Premium Mil-Spec buffer tube assembly with Super 42, H1, 7075-T6, AR-15/M4 · DDC
08-159	Usasoc upper rec GRP improved (comp) 14.5" ML CHF, ACH DDC, MK16 DDC, SF3P pin/weld M4A1BCG
08-160	Usasoc upper rec GRP improved (strip) 14.5" ML CHF, MK16 DDC, no handle/muzzle device/BCG

SOLID, DEPENDABLE,  
AFFORDABLE.

Harris Engineering has made a name for itself in the bipod industry. 100% made in the US. They are known for their sling swivel studs commonly found on most firearms and their lightweight designs. No wonder it's the standard to which all bipods are measured.

### 25-1A2 MODEL 25 12-25 IN

Versatile, sturdy, light, fast. Time-proven design. Quality manufactured w/heat-treated steel & hard alloys.

**170916:** BLK

**170917:** Model 25C 13.5-27 in (1A2 series) • BLK

### MODEL BR 6-9 IN

Extends from 6" to 9" standard legs (swivels) • Ultralight weights 13 oz • Extends from 6" to 9" • Swivels (tilts) to compensate for uneven terrain • Has a built in sling swivel stud to attach the sling. Ultralight weights 13 oz

**170908:** BLK

### HARRIS BIPOD 13-27 S

Ultralight weights 22.5 oz • Extends from 13 1/2 in to 27 in • Adjustable legs with spring return • Swivels (tilts) to compensate for uneven terrain • 3 piece legs

**120555:** BLK

### MODEL 25 12-25 IN

Extends from 12" to 25" standard legs • Extends from 12" to 25" • Has a built in sling swivel stud to attach the sling

**170910:** BLK

### MODEL H 13.5-23 IN

Versatile, sturdy, light and fast • Made from high strength anodized aluminum alloy • Stressed parts are tempered spring steel

**170915:** BLK

### HARRIS BIPOD 6-9 SWIVEL

Ultralight weights 13 oz • Extends from 6" to 9" • Leg notches in 1 in increments • Legs are spring loaded, for fast deployment

**120556:** BLK

**120557:** Harris Bipod 9-13 (leg notch) S • BLK

### MODEL BRM 6-9 IN

The 1A2-BRM 1m Harris Bipod is an improved version of the original leg notch Bipod • Four height settings from 6 to 9 inches

**170911:** BLK

**170912:** Model BR 6-9 in • BLK

### MODEL L 9-13 IN

The World's largest selling commercial rifle rest • Barrel height from 9 to 13 inches

**170913:** Model LM 9-13 in • BLK

**170914:** BLK

### MODEL L 9-13 IN

Versatile, sturdy, light, fast • Time-proven design • Quality manufactured W/ heat-treated steel & hard alloys

**170909:** BLK

## PART NUM DESCRIPTION

### ACCESSORIES

170919	HB2A • Round head flange nut • Allows mounting of plastic fore-ends
170924	HB6 adapter for European rails 3/8" HB6 • Stud • For European size rails (3/8" across rail slot)
170925	HB6A adapter for American rails 5/16" • Stud • For American size rails (5/16" across rail slot)
170922	HB4 Universal • Adapter HB4 • Universal adapter • Requires two inches of unclutered barrel for mounting fit barrels from .550 diameter to .812
170927	Ultra-light Harris Bipods are lightning quick and quality manufactured with heat treated steel and hard alloys
170928	HB9 • Adapter for flat fore-ends

## THE MOST EFFICIENT MUZZLE DEVICES

Founded on June 5<sup>th</sup> 2013, Lantac™ specializes in the design of AR-15 type rifles and accessories. Build the best products possible. Tireless innovation and adaptive design. Their flagship products are the Dragon series high performance muzzle brakes. Available in various calibers and thread pitches, these are one of the most efficient muzzle devices available today.

From innovative handguard systems, improved bolt & carriers to custom triggers, Lantac™ provides second-to-none products for today's competitors and professionals. Manufacturer of high quality firearm accessories.

## BMD® A2 ADAPTER COLLAR

Use extra collars to allow the use of one BMD® across multiple firearms • A2 adapter collars work only with the following non pinned & welded Lantac™ Dragon™ muzzle brakes

DGN556B (5.56/223) / DGN9 mmB (9 mm 1/2x36) / DGN9 mm (9 mm MPX) / DGN9 mm (9 mm 1/2x28) / DGN47B (AK47)

**01-MD-A2-BMD-COLLAR:** BLK

## GB750-S™

Ultra low profile gas block • Fit .750 diameter gas pad barrels and uses a 2 set screw design to securely retain the block in position • Comes complete with, #10-32x.125" set screws and gas tube roll pin • Places the gas port hole at the correct .295" position from the shoulder •

Specification: 4140 gun barrel steel • Black phosphate finish • Type M • Laser engraved • Ultra low profile • Dia: 0.750" ID • Length: 0.875" • Weight: 1.2 oz

**LA00243:** BLK

## LANTAC™ DRAGON™

Muzzle brake for AR-15, M16 & M4 rifles • Caliber: 5.56x45 mm / .223 Rem • Material: hardened Mil-Spec steel • Finish: nitride • Weight: 3.2 oz • Thread: 1/2-28 UNEF R/H • Dimensions: L: 2.570" • DIA body: 0.866" •

**DGN556B:** BLK

## BILOCK

Dragon 308/762 5/8-24 Gemtech quick mount

**DGN762B-QM:** BLK

## .223/556 DRAGON™

With quick detach gemtech mount, 1/2-28 threads. Manufactured to the highest quality standards and featuring a patent pending design, the Lantac™ Dragon™ 5.56x45 muzzle brake offers improved recoil management and muzzle rise over competitors products. Its unique short energy pulse system reduces length of recoil so that repeating shot energy cannot overlap and knock the shooter off target

**DGN556B-QM:** BLK

## DRAGON™ MUZZLE BRAKE

Manufactured to the highest quality standards and featuring a patent pending design, the Lantac™ Dragon™ muzzle brake offers improved recoil management and muzzle rise over competitors products. Its unique short energy Pulse system reduces length of recoil so that repeating shot energy cannot overlap and knock the shooter off target. Full auto fire is possible with massively reduced recoil and muzzle climb, meaning that all shots fall on target.

Ultra fast attenuation of muzzle blast gasses means that flash signature is also reduced.

**DGN9 MMC:** 9 mm Dragon™ muzzle brake 13.5 x1 thread for Sig MPX • BLK

**DGN9 MMD:** 9 mm Dragon™ muzzle brake 1/2-28 thread • BLK

## LANTAC™ DRAKON™

Muzzle brake DGN47B™ for AK47 style rifles • Caliber: 7.62x39 mm • Material: hardened • Mil-Spec steel • Finish: nitride • Length: 2.66" • Dia body: 0.866" • Dia fins: 0.900" • Weight: 2.8 oz • Thread: 14X1 L/H

**DGNAK47B:** BLK

## ASR

Dragon 223/556 1/2-28 silencerco ASR mount

**DGN556B-ASR:** BLK

**DGN762B-ASR:** Dragon 308/762 5/8-24 silencerco ASR mount

## LANTAC™ DRAGON™

Muzzle brake DGN556B™ for AR-15, M16 & M4 rifles

Caliber: 5.56x45 mm / .223 Rem • Material: Hardened Mil-Spec steel • Finish: Nitride • Dimensions: 2.570" • DIA Body: 0.866" • Weight: 3.2 oz • Thread: 1/2-28 UNEF R/H

**DGN556B:** BLK

## LANTAC™ DRAGON™

Muzzle brake DGN762B™ for AR10, AR 308 style rifles

Caliber: 7.62 mm / .308 win • Material: Hardened Mil-Spec steel • Finish: Nitride • Length: 2.66" • DIA Body: 0.866" • DIA Fins: 0.900" • Weight: 2.8 oz • Thread: 5/8-24 UNEF R/H

**DGN762B:** BLK

## LANTAC™ DRAGON™

Muzzle brake for 9x19 mm caliber • Material: hardened Mil-Spec steel

Finish: nitride • Length: 2.66" • Dia body: 0.866" • Dia Fins: 0.900" • Weight: 2.8 oz • Thread: 1/2-36 UNEF R/H

**DGN9 MMB:** BLK

## GEN 1-3

Gen 1-3 G17-G19 Lantac™ USA LLC razorback • Slide-light slide

**01-GS-GEN13-G17:** GEN 1-3 G17 slide

**01-GB-G19-NTH-BRNZ:** G19 fluted non threaded bronze BBL

**01-GB-G19-NTH-SS:** G19 fluted non threaded SS BBL

**01-GB-G19-TH-BLK:** G19 fluted threaded blk BBL

**01-GB-G19-TH-BRNZ:** G19 fluted threaded bronze BBL

**01-GB-G19-TH-SS:** G19 fluted threaded SS BBL

## NITRIDED PISTOL

Nitrided length gas tube with roll pin

**GT-P6000:** Nitrided pistol length

**GT-C6001:** Nitrided carbine length

**GT-I6003:** Nitrided intermediate length

**GT-M6002:** Nitrided midlength length

**GT-R6004:** Nitrided rifle length

## RPS END PLATE & CASTLE NUT

The Lantac™ RPS™, ratchet plate system removes the necessity to stake castle nuts in place after fitting. It also provides a QD sling attachment point directly below the buffer tube. It utilises a one piece designed ratchet tooth and arm, machined directly into the anti rotation plate itself.

**01-UP-RPS**

## LANTAC™ USC™

Upper side charger for AR-15 rifles inc CP-R360™ cam pin • Material: billet 7075-T6 aluminum • Finish: Mil-Spec type3, class2 deep black hardcoat anodize • Super smooth burnished bore • M4 feedramps as standard, blended smoothcam system

**LA00221:** AR-15 rifles

**01-RV-UP-USR-SF15:** USR forged upper receiver

## SPADA-S

12.5" freefloat handguard • Weight 10 oz including mounting hardware • Machined from extruded 6005A-T6 aluminum and type 3 hardcoat anodised, class2 deep black • Durable and robust design with ultra narrow diameter, 1.55" OD • Zero protrusion over upper receiver allows the handguard to be mounted to any upper design regardless of shape or size

**LA00250:** 13.5" length

**LA00251:** 15" length

## SPADA-M FREEFLOAT RAILS

Machined from extruded 6005A-T6 aluminum and type 3 hardcoat anodised, class2 deep black. Durable and robust design with ultra narrow diameter. Features ambidextrous QD sling mounting points. Zero protrusion over upper receiver allows the handguard to be mounted to any upper design regardless of shape or size.

**SPADA-M:** 15" length

## FREEFLOAT HANDGUARDS

Precision machined from extruded 6005A-T6 aluminum and type 3 hardcoat anodized • Class 2 deep black

The Spada-M™ range of freefloat handguards feature an extremely durable and robust design with an ultra narrow profile, OD of 1.55" & 1.15" ID • Handguards are available in 6 lengths

**01-HG-006-SPADA-ML:** Lengths: 6-75" •

Weight: 8.7 oz • Rail lightweight

**01-HG-009-SPADA-ML:** Lengths: 9.0" • Weight: 9.7 oz • Rail lightweight

**01-HG-010-SPADA-ML:** Lengths: 10.5" •

Weight: 10.7 oz • Rail lightweight

**01-HG-012-SPADA-ML:** Lengths: 12.5" •

Weight: 11.2 oz • Rail lightweight

**01-HG-013-SPADA-ML:** Lengths: 13.5" •

Weight: 12.1 oz • Rail lightweight

**01-HG-015-SPADA-M:** Lengths: 15.0" • Weight: 12.8 oz • Rail lightweight

**01-HG-015-SPADA-ML:** Lengths: 15.0" •

Weight: 12.8 oz • Rail lightweight

## RAVEN BARREL

223 wylde • 1:7" twist • 7.5" barrel 416R Cryo • Enhanced match chamber • Pro-Black™ coated finish • Pistol gas system • 1/2 28 threads • .750 gas pad diameter

**LA00230:** 7.5" barrel length • Pistol gas system

**LA00231:** 10.5" barrel length • Carbine gas system

**LA00232:** 12.5" barrel length • Carbine gas system

**LA00233:** 14.5" barrel length • Midlength

gas system

**LA00234:** 14.5" barrel length • Nitride finish • intermediate gas system

**LA00235:** 16.0" barrel length • Intermediate gas system

**LA00236:** 18.0" barrel length • Rifle gas system

## RAVEN BARREL 300BLK

Enhanced match chamber • Pro-Black™ coated finish • Pistol gas system • 5/8 24 threads

**LA00230:** 7.5" barrel length

**LA00231:** 10.5" barrel length

**LA00232:** 12.5" barrel length

**LA00233:** 14.5" barrel length

**LA00234:** 14.5" barrel length

**LA00235:** 16.0" barrel length

**LA00236:** 18.0" barrel length

**LA00238:** 8.5" barrel length

**LA00238A:** 9.5" barrel length

**LA00301:** 7.5" barrel length

## GLOCK E-CTG9 TRIGGER

E-CTG9™ upgrade glock 17/19 trigger • Precision upgrade trigger for glock 17, 19 Gen 1-3 & Gen 4 pistols

**01-GP-ECT69-13-1719:** Gen 1-3

**01-GP-ECT69-4-1719:** Gen 4

## EXCEPTIONAL LASER PERFORMANCE

LaserMax Products have grown to become a global leader in hardened and miniaturized laser systems, offering a comprehensive line of premium laser sights for home defense, personal protection and training use. LaserMax has set the bar for exceptional laser performance and reliability within a diverse range of environments including space platforms and weapons systems.

As an OEM supplier to Fortune 500 companies, LaserMax specializes in packaging and laser systems for use in adverse environments.

## MICRO II

Fits more firearm models than any other laser. Ideally suited for the smallest compact and subcompact pistols. Automatic time-out after 10 minutes prevents inadvertent battery drain.

Ambidextrous tap on/tap off switch reinforces safe firearm handling. Convenient quick-change battery Hatch™ permits safe on-gun battery swap. Also available in red and infrared.

Weight: 0.5 oz • Wavelength: 650 nm • Type: red • Battery life: 4+ hours • Micro II rail mounted laser • Fits more firearm models than any other laser

### MICRO-2-R

Weight: 1.8 oz • Type: weaponlight • Battery life: 1 hour • Manta-Ray™ weaponlight (mint green) • 140 lumens

### LMR-M

## SPECIAL MAKES

LaserMax teams with the world's leading firearm manufacturers to develop custom engineered solutions of the highest caliber. Brands like Beretta®, Colt, Kahr, Ruger® and Smith & Wesson® rely on LaserMax for its award winning product innovation, performance and reliability.

Weight: 0.5 oz • Wavelength: 650 nm • Type: red • Battery life: 4+ hours • For Ruger® SR22, SR9C, SR40C

### LMS-RMSR

## ACCESSORIES

LaserMax accessories have an unmatched reputation for performance and reliability. Whether you are looking to customize a rifle or adapt a rail in order to attach a LaserMax sight, you have come to the right place.

Picatinny conversion for standard triangle front sight on AR-pattern rifles

### LMS-ADP-AR

Picatinny conversion for 1" shotgun tubes

### LMS-ADP-SHOTGUN

Picatinny conversion for H&K® compact pistols

### LMS-HKADP-C

Momentary activation switch (MAS) for UNI series • 10' cord

### LMS-UNI-MAS-10

Remote activation switch (RAS) for Manta-Ray™

### LMS-RAS

Manta rail cover for momentary activation switch (MAS) • Clip

### LMS-MANTA

## GUIDE ROD LASERS

The most technologically-advanced, hardened laser sighting system ever developed, the guide rod Laser replaces the recoil spring guide assembly in semi-auto pistols. No other laser sight in the world gets subjected to more rigorous testing or can result in more accurate shots. Don't skimp.

Weight: 0.76 oz • Wavelength: 635 nm • Type: red • Battery life: 1 hour • Glock® guide rod Laser™ 17/34 (Gen 4)

### LMS-G4-17

Weight: 0.40 oz • Wavelength: 520 nm • Type: green • Battery life: 1 hour • For Beretta® 92/96 (full size) Taurus® 92/99/100/101

### LMS-1441G

Weight: 0.73 oz • Wavelength: 635 nm • Type: red • Battery life: 1 hour • Guide rod Laser for Sig Sauer® P220 (.45ACP)

### LMS-2201

## SPARTAN™ SERIES

Featuring the latest LaserMax mounting technology, Spartan™ installs in the preferred rail location for each operator's personal comfort and ease of use. Once anchored, Spartan™ maintains precision accuracy over extensive live fire. Revolutionary in design, Spartan™ is the most versatile and feature-rich rail mounted laser sight ever conceived.

Boasting 5+ hours of continuous use with a single 1/3N battery (provided), Spartan™ features a preservation mode that automatically deactivates the laser after a ten minute period of inactivity, safeguarding against unintentional battery drain. Dual electronic touch pads enable both left and right-handed shooters to activate the laser with ease. User programmable for a steady or high-visibility pulsed beam, Spartan™ is fully adjustable for windage and elevation, ensuring the most precise targeting over all shooting distances.

Advanced mounting technology provides the perfect fit. Patented accessory rail permits attachment of tactical light. Aiming point can be set to operator's choice of pulse or steady. Auto-off after 10 min preserves battery power. Over-sized electronic touch pads ensure effortless activation. Also available in green.

Spartan™ adjustable fit laser/light combo • Available in green and red

### SPS-C-R

Weight: 0.55 oz • Wavelength: 520 nm • Type: green laser • Battery life: 1 hour • Glock guide rod Laser™ 19/23/32/38 (Gen 1-3)

### LMS-1131G

Weight: 0.73 oz • Wavelength: 635 nm • Type: Red laser • Battery life: 1 hour • Guide Rod Laser™ for Sig Sauer P228 & P229

### LMS-2291

Weight: 0,62 oz • Wavelength: 600-700 nm • Type: Red laser • Battery life: 1 hour (typical) • Glock guide rod Laser™ 42

### LMS-G42

Weight: 0.60 oz • Wavelength: 650 nm • Type: Red laser • Battery life: >5 hour • Compatible with standard 1911

## UNFAIR AVANTAGE

Magpul® was founded in 1999 with the intent of developing a simple device to aid in the manipulation of rifle magazines while reloading under stress. The company's name comes from this original product called the Magpul®. Over the last seventeen years Magpul has continued to grow and develop using much the same mission and process with a focus on innovation, simplicity, and efficiency.

To understand Magpul®, one must first understand the root ideas that form the foundation of our company culture and design philosophy. These core principles have allowed us to maintain a course true to our original mission, and help explain how and why we do the things we do.

**MAG495**

### HUNTER 700

Reinforced polymer and a machine finished • Anodized A380 cast aluminum bedding block • Fully adjustable length of pull • Comb height • Enhanced ergonomics • Compatible with all Remington® 700™ short actions • M-LOK compatible to accept a broad range of accessories

**MAG495:** BLK, FDE, GRY, ODG

**MAG461:** HUNTER/SGA® high cheek riser kit • BLK, FDE, GRY, ODG

**MAG463:** HUNTER/SGA® low cheek riser kit • BLK, FDE, GRY, ODG, ORG

**MAG497:** Bolt action magazine well • Hunter 700 stock • BLK

**MAG549:** AICS short action magazine • BLK

**MAG483**

### HUNTER 700L

Hunter 700L stock for Remington® 700 long action • Caliber: .30-06 or .300WM pattern • Weight: 3.2 lbs without action and bottom metal (with two spacers installed) • LOP adjustment range: 13.0-15.0" • Width of forend, max: 2.3" • Width of butt, max: 1.5" • Butt-pad dimensions: 1.5x5.0"

**MAG483:** BLK, FDE, GRY, ODG

**MAG931:** BLK, FDE, GRY, ODG

**MAG548**

### HUNTER X-22

Hunter X-22 Stock • Ruger® 10/22 .22 LR pattern rifles • Reinforced polymer construction for strength and durability • Weight: 2.45 lb (w/ two spacers installed). LOP adjustment range: 12.5-14.5" • Width of forend, Max: 1.9" • Width of butt, Max: 1.5" • Butt pad dimensions: 1.5x5.0" • Optional cheek riser kits to raise cheek height 0.25", 0.50", or 0.75

**MAG347:** BLK, FDE, GRY, ODG

**MAG548:** BLK, FDE, GRY, ODG, PNK

**MAG808**

### HUNTER X-22 BACKPACKER STOCK RUGER® 10/22 TAKEDOWN®

The Magpul X-22 Backpacker stock takes the function of our full-size Hunter X-22 Takedown, and pares it down for ease of storage and transportation. Made for the Ruger 10/22 takedown rifle, the X-22 Backpacker offers a minimalist solution for the hunter or outdoorsman who wants to transport their rifle in an efficient, convenient package without compromising shooting performance.

**MAG808:** BLK, FDE, GRY, ODG

**MAG997**

### MAGPUL® PRO 700 • FIXED STOCK

The Magpul® Pro 700 • Fixed stock rifle chassis is an uncompromising, full featured precision rifle chassis for short action Remington® 700 actions and other Remington® 700 footprint actions.

**MAG997:** BLK, FDE, ODG

## MAGAZINES

Impact and crush resistant all polymer body, paint pen dot-matrix for labeling, tool-less floor plate removal for ease of maintenance, and a visible capacity indicator hole on the body. Compatible: with a wide range of platforms such as the HK 416, MR556A1, M27 IAR, British SA-80, FN SCAR MK 16/16S, and others.

## STOCKS

Drop-in replacement buttstock for AR-15/M4 carbines using Mil-Spec sized receiver extension tubes. Designed for the modern battlefield, the sleek profile, dual-side release latches, rolled toe, and angled rubber butt-pad are optimized for use with body armor or modular gear and provides for efficient shoulder transitions. All stocks included a sling loop. Compatible with AR15, M4, AR10, SR25, M110.

MOE® carbine stock • Tube type: Mil-Spec • Weight: 8.1 oz • Length of pull: 10.70" - 13.95"

**MAG400:** BLK, FDE, ODG, GRY, PNK

**MAG401:** Weight: 8.5 oz • Length of pull: 10.95" - 14.75" • BLK, FDE, GRY

PRS2® precision adjustable stock • Tube type: HK® 91/G3 • Weight: 30.9 oz • Length of pull: 15" - 16.20"

**MAG340:** BLK

**MAG341:** FN® fal • Weight: 30.2 oz • Length of pull: 14.3" - 15.5" • BLK

SGA® stogun stock • Spacer adjustable lop in 1/2" increments from 12.5" to 14.5" • Integral right/left 1.25" sling loops

**MAG460:** BLK, FDE, GRY, ORG

**MAG490:** Mossberg® 500/590/590A1 12 ga • BLK, FDE, GRY, ORG

MOE® SL™ carbine stock • Tube type: Mil-Spec • Weight: 9.6 oz • Length of pull: 11.1" - 14.4"

**MAG347:** BLK, FDE, ODG, GRY

**MAG348:** Length: 11.1" - 14.9" • BLK, FDE, GRY

ACS™ carbine stock • Tube type: Mil-Spec • Weight: 14 oz • Length of pull: 11.75" - 15"

**MAG370:** BLK, FDE, ODG, GRY

**MAG371:** Length of pull: 11.75" - 15.55" • BLK, FDE, GRY

MOE+® grip • Texture: Vertical grip angle • Weight: 3.4 oz • Height: 4.0" • Thickness: 1.2" • Accepts optional storage cores for gear stowage and includes a basic cap

**MAG416:** BLK, FDE, ODG, GRY

MOE® 1911 grip panels with TSP texture • Weight: 1.1 oz • Thickness: 0.25"

**MAG544:** BLK, FDE, ODG, GRY

**MAG524:** BLK, FDE, FOL, GRY, ODG, PNK

AFG-2® angled fore grip • Weight: 2.53 oz • Length: 4.70" • Height: 1.94" • Width: 1.37"

**MAG414:** BLK, FDE, ODG, GRY

AFG® angled fore grip • Weight: 2.92 oz • Length: 5.55" • Height: 1.75" • Width: 1.77"

**MAG411:** BLK, FDE, ODG, GRY

XTM® hand stop kit • Includes one hand stop, one index panel, one full XTM® enhanced panel, and one XTM® enhanced half panel

**MAG511:** BLK, FDE, ODG, GRY, PNK

Light mount v-block & rings. Nearly-universal mounting solution for attaching a handheld light to compatible Magpul® light mounts. Diameter: from .75" to 1.04" onto the MOE® scout mount and M-LOK Cantilever rail/light mount (comes pre-installed on the Magpul® rail light mount).

**MAG614:** BLK

RVG®, rail vertical grip • For 1913 Picatinny railed hand guards • Includes: all mounting hardware plus a universal mounting rail for custom fitting to many factory plastic handguards

**MAG412:** BLK, FDE, ODG, GRY

MVG®, MOE® vertical grip • For use with MOE® handguards and forends

**MAG413:** BLK, FDE, ODG, GRY

M-LOK MVG® vertical foregrip • Texture: TSP for positive control in all environments

**MAG597:** BLK, FDE, ODG, GRY

MIAD®/MOE® battery storage core (AA/AAA)

**MAG056:** BLK, FOL, FDE

MIAD®/MOE® bolt & firing pin storage core

**MAG057:** BLK

MIAD®/MOE® lube bottle core is an internal grip core that holds an included 1/2 oz reusable lubrication bottle.

**MAG059:** BLK

MIAD®/MOE® CR123A battery storage core

**MAG055:** BLK

MIAD® Gen 1.1 • Texture: Positive anti-slip • Height: 4" • Thickness: 1.2" • Type 1 kit: Most 5.56x45 mm • Type 2 kit: 7.62x51 AR receivers

**MAG520:** BLK, FDE, ODG, GRY, FOL

**MAG521:** Type 2 kit: Most 7.62x51 mm receivers • BLK, FDE, ODG, GRY

## M-LOK ACCESSORIES

Allow the attachment of various MIL-STD-1913 Picatinny spec rail-mounted accessories such as lights and optics. All hardware necessary for attachment directly to M-LOK slots on either aluminum or polymer hand guards and forends are included.

M-LOK bipod adapter • The attachment of Harris®-style stud mounted bipods • Length: 2.33"

**MAG609:** BLK

M-LOK polymer offset light mount • Diameter from 0.75 to 1.03"

**MAG605:** BLK

M-LOK offset light/optic mount aluminum • Mil-Spec anodized aluminum • Diameter from 0.75 to 1.03"

**MAG604:** BLK

M-LOK QD sling mount • Machined from Mil-Spec anodized aluminum

**MAG606:** BLK

M-LOK Paraclip™ sling mount is a steel clip-in sling mount for M-LOK extremely durable Melonite® finish

**MAG607:** BLK

M-LOK AFG® angled fore grip • Weight: 1.2 oz • 3/4" shorter than the AFG-2

**MAG598:** BLK, FDE, ODG, GRY

M-LOK polymer cantilever rail • Picatinny slots that extend forward .75"-1.5" • Length: 3.15" • Slots: 3

**MAG587:** BLK

M-LOK aluminum Cantilever rail • Picatinny slots that extend forward .75"-1.5" • Slots: 3

**MAG588:** BLK

M-LOK AFG-2 rail adapter • Length: 4.7" • Slots: 3

**MAG594:** BLK

M-LOK RVG® rail adapter • Length: 1.9" • Slots: 2

**MAG596:** BLK

Hunter X-22 Backpacker optics mount. The backpacker optic mount is an optic mounting solution that takes the functionality of the X-22 Backpacker stock to the next level by providing the end user with an elegant and functional mounting platform for the red dot optic of their choice.

**MAG799:** BLK

M-LOK hand stop kit. Includes: M-LOK Index Panel, M-LOK rail cover type 2. Included in the kits MAG608, MAG602, MAG603 is an M-LOK hand stop MOE® Adapter for use with Magpul® polymer M-LOK hand guards or forends as well as other wider profile rails.

**MAG608:** BLK, FDE, ODG, GRY

M-LOK rail cover type 1 • Length: 9.5" • Slots: 6 full M-LOK • Can be cut to be customized for length or combination of colors • Includes two panels

**MAG602:** BLK, FDE, ODG, GRY

M-LOK tape switch mounting plate is a mount designed to attach Insight® PEQ pressure pads on M-LOK compatible systems

**MAG631:** BLK

M-LOK extended cantilever scout mount

**MAG935:** BLK

M-LOK tape switch mounting plate. Providing light weight with extremely rugged construction. To attach Surefire® ST pressure pads on M-LOK compatible systems.

**MAG617:** BLK

M-LOK rail cover type 2 • Texture: TSP. Two-piece covers that install directly onto most M-LOK aluminum handguards • Length: 9.5" • Slots: 6 full M-LOK • Includes: six panels, each covering one M-LOK slot

**MAG603:** BLK, FDE, ODG, GRY

## RAILS AND COVER ACCESSORIES

MOE® polymer rail, MOE® slot • Length 4.9" • Mounting screw center-to-center of 3.2"

**MAG406:** 5 slots • BLK

**MAG407:** 7 slots • BLK

**MAG408:** 9 slots • BLK

**MAG409:** 11 slots • BLK

M-LOK to MOE® adapter • Adapter plates of various sizes • Compatible accessories to MOE® handguards and forends

**MAG478:** BLK

MOE® M-LOK shotgun forend • Weight 9.6 oz • Length 10" • Width 1.8" • Height 2.5" • Compatible with standard Remington® 870™ 12 ga shotgun

**MAG496:** BLK, FDE, GRY, ORG

**MAG494:** Mossberg® 590/590A1 • 12 ga • BLK, FDE, GRY, ORG

MOE® SL handguard • Weight 6.7 oz • Length 8.9" • Width 1.8" • Height 2.4" • Narrow design replaces bulky M4 carbine-type plastic hand guards

**MAG538:** BLK, FDE, ODG, GRY

MOE® SL™ handguard • Mid-length, AR-15/M4 • Weight 8.3 oz • Length 10.9" • Width: 1.8" • Height 2.4"

**MAG551:** BLK, FDE, ODG, GRY

Zhukov handguard • Weight 15.1 oz • Length 11.7" • Width 1.8" • Height 2.1" • Compatible: ultimak gas tube rail for optics mounting, the Zhukov handguard redefines functionality for the modern AK platform • Not compatible with Yugo pattern rifles • Barrels less than 13" long are not recommended

**MAG586:** BLK, FDE, PLM

MOE® AK handguard • Weight 7.8 oz • Length 7.8" • Width 1.8" • Height 1.9" • Compatible: original stamped receiver AK-47/AKM/AK-74 pattern rifles • Not compatible with Yugo pattern rifles

**MAG619:** BLK, FDE, ODG, GRY, PLM

1.5" Shorter than standard Zhukov handguard, fits stamped and milled AK-47/AK-74 rifles with standard-length gas systems, optimized for short barrel rifles such as AK-102, AK-104, & AK-105, full-length aluminum chassis for strength and rigidity, heat shield relieved to accept standard AK cleaning rod.

**MAG680:** BLK, FDE, PLM

MOE® AKM handguard • Weight 7.4 oz • Length 7.3" • Width 1.8" • Height 1.9" • Compatible with original stamped receiver AK-47/AKM/AK-74 pattern rifles

**MAG620:** BLK, FDE, PLM

## TOOLS AND ACCESSORIES

Magpul® armorer's wrench – AR-15/M4 • Weight: 1.1 lbs • Length, maximum: 11.7" • Handle thickness: 0.35" • 1/2" torque wrench/breaker bar interface • 3/4" wrench for most flash hiders/muzzle brakes

**MAG535:** BLK

BEV™ Block – AR-15/M4 • Weight: 11.2 oz • Provides support for all AR-15/M4 upper and lower receivers

**MAG536:** BLK

QD sling mount kits • Type 1: SSGA®, MOE® Rifle • MOE® fixed carbine, MOE® AK, or Zhukov-S™ Stocks for use with push-button QD sling swivels or their own Magpul® QDM

**MAG333:** BLK

**MAG332:** BLK

MOE® polymer trigger guard – AR-15/M4 • Works well with most 7.62x51 AR platforms but some custom fitting may be required • All mounting hardware included

**MAG417:** BLK, FDE, ODG, GRN

Enhanced aluminum trigger guard – AR-15/M4 • It features a shallow "V" shape for better use of gloves in tactical shooting or cold weather operations

**MAG671:** BLK

SSG™ selector set are drop-in, dual sided selectors for the FN® SCAR family of weapons • Compatible with military-issue select fire MK16 & MK17 weapons, civilian semi-automatic SCAR 16S & 17S rifles • Replacements for the OEM selectors

**MAG499:** blk

Speedthreader™ • Improve the speed and ease of configuring molle/pals webbing • Can also be used as a go/no go gauge for webbing

**MAG220:** BLK

Water-resistant 1000 denier Cordura® nylon fabric, fully padded construction, collapsible to minimize bulk when empty, ITW Nexus GT Ghillietex™ SurMount buckle, dummy cord loop to attach to drum's Dust Cover for rapid deployment (paracord not included), reinforced polymer fabric PALS compatible panel, two Malice Clips® included, drainage grommet for elimination of debris.

**MAG651-251:** BLK

Forward sling mount • Dedicated fit for the Mossberg® 500, 590, and Maverick shotguns with an extended mag tube

**MAG508:** BLK

**MAG493:** Mossberg® 590A1 12 ga • BLK

**BOLT CATCH (1)** To lock the bolt carrier to the rear using the B.A.D. Lever, place your right hand trigger finger under the paddle of the B.A.D. Lever, while taking care not to enter the trigger well. Apply upward pressure, while pulling the Charging Handle to the rear, until the bolt catch engages the bolt face.

**BOLT RELEASE (2)** To release the bolt, place your right hand trigger finger on top of the paddle and press downward, taking care to keep your finger out of the trigger well.

\* NOT compatible with 7.62x51 (.308 Winchester) firearms as well as most AR-15 billet or polymer lower and upper receivers due to their larger and/or non-standard dimensions (including the S&W Magpul® Spec Series™ lowers).

B.A.D. lever (battery assist device) • Compatible with standard Mil-Spec forged AR-15/M16 receivers

**MAG980:** blk

## SLINGS

QD sling swivel • Width, webbing: 1.25" • Push-button quick-detach sling swivel for 1.25" webbing • Manganese-phosphate finished steel • Compatible with QD sling attachment points

**MAG540:** blk

MSA® QD, MOE® sling attachment • Use with MOE® handguards and forends

**MAG528:** BLK

MS1®, MS3® adapter • Width, webbing: 1.25" • Combine with MS1® sling and Paraclip™ (MAG541) to provide 2-1 point construction • Melonite® finished steel and reinforced polymer construction • Custom snag-free high-durability 1.25" webbing

**MAG516:** BLK, GRY, COY, RGR

MS1®, MS3 QD™ adapter • Width, webbing 1.25" • Combine with MS1® sling and Paraclip™ (MAG541) to provide 2-1 point construction • Manganese-phosphate finished steel and reinforced polymer construction • Custom snag free high-durability 1.25"

**MAG517:** BLK, GRY, COY, RGR

QDM® quick disconnect sling swivel • Weight: 0.7 oz • Width, webbing: 1.25" • Compatible with all standard sized QD cups • Combine with MS1® sling for dedicated two-point sling, or with MS1® MS4® adapter for two to one-point convertible sling

**MAG543:** BLK

MS1® padded sling • Weight: 6.4 oz • Length, overall recommended 48-60 ± 5" • Slider adjustment range 10" • Width, webbing: 1.25" • Width, Pad: 1.85"

**MAG545:** BLK, GRY, COY, RGR

MS1® MS4® adapter • Combine with MS1® sling and QD swivel (MAG540) to provide 2-1 point convertibility • Width, webbing: 1.25" • Melonite® and manganese-phosphate finished steel and reinforced polymer construction • Custom snag free high-durability 1.25"

**MAG519:** BLK, GRY, COY, RGR

MSA® QD, MOE® sling attachment • Use with MOE® handguards and forends

**MAG528:** BLK

ASAP® QD ambidextrous sling attachment point • Works with both Mil-Spec and commercial-spec carbine receiver extensions (buffer tubes)

**MAG529:** BLK

Paraclip™ • Width, webbing: 1.25" • Clip-style sling attachment point for 1.25" webbing • Lockable • Melonite® finished steel and reinforced polymer construction • Compatible with ASAP® Plate, RSA®, MSA™, M-LOK Paraclip™ sling mount and other clip-in sling attachment points

**MAG541:** BLK

RSA® rail sling attachment • Works on any MIL-STD-1913 Picatinny/stanag 4694 rail • Has been proven to withstand stress tests of over 300 pounds while only weighing a mere 1.3 oz

**MAG502:** BLK

SGA® receiver sling mount • For the SGA shotgun stock and one-point clip-in style attachments such as the MS3 Paraclip™, the HK®hook, ITW™ MASH hook, and others

**MAG507:** BLK

**MAG492:** Mossberg® 500/590/590A1 • BLK

RSA® QD rail sling attachment • Compatible with Magpul® MS4 sling and other push-button QD slings

**MAG337:** BLK

MSA®, MOE® sling attachment • Use with legacy MOE® handguards and forends

**MAG504:** BLK

MS4® dual QD sling Gen 2 • Width, webbing 1.25" • Compatible with buttstocks, end plates, receivers and handguards that have a QD socket as well as the Magpul® ASAP®-QD, RSA® QD, MSA™ QD, and shotgun forward sling mounts

**MAG518:** BLK, GRY, COY, RGR

MS1® sling • Weight 6.0 oz • Length, overall recommended 48-60 ± 5" • Slider adjustment range 10" • Width, webbing 1.25" • Width Pad: 1.85"

**MAG513:** BLK, GRY, COY, RGR

The Magpul® MS1 QDM sling further enhances one of the most versatile line of rifle slings by including factory-installed Magpul QDM quickdisconnect swivels. Secure and rapid length adjustment with MS1® slider

**MAG939:** BLK, COY

Magpul® bipod for M-LOK, 1913 Picatinny rail, A.R.M.S.® 17S. The Magpul bipod offers serious strength and versatility at a price that provides unmatched value.

**MAG933:** BLK, FDE

**MAG941:** BLK, FDE

**MAG951:** BLK, FDE

MS3® Gen 2 sling • Width, webbing 1.25" • Works with ASAP®, SGA™, RSA®, MSA™, and many snap-hook style sling loops and standard or QD sling swivels for use in two-point mode

**MAG514:** BLK, GRY, COY, RGR

Quickly reconfigurable between one-point and two-point operation, the Magpul® MS4 QDM sling enhances the proven MS4 dual QD sling Gen2 by including factory-installed Magpul® QDM quick-disconnect swivels.

**MAG953:** BLK, COY

## SIGHTS

MBUS® pro offset front • Weight, w/ hardware: 2.0 oz • Height above rail at clamp: ~0.18" • Length, stowed: 2.0" • Small aperture dia.: 0.07" • Large aperture dia: 0.19"

**MAG525:** BLK

MS3® single QD sling Gen 2 • Width: 1.25" • Rear works with receivers, end plates, and buttstocks that have a QD socket for one-point attachment. Front compatible with the Magpul® RSA®, MSA™, and forward sling mount, as well as many snap-hook style sling loops and standard or QD sling swivels for use in two-point mode

**MAG515:** BLK, GRY, COY, RGR

Building on the heritage and proven performance of Magpul's MS sling series, the Magpul® RLS (rifeman loop sling) is a durable, lightweight, and affordable shooting aid and retention device.

**MAG1004:** BLK, COY

MBUS® pro offset sight rear • MBUS pro offset front • Weight, w/ hardware: 1.8 oz • Height above rail at clamp: ~0.18" • Length, stowed: 1.9"

## POUCHES

### DAKA™ POUCH

The Magpul® DAKA™ pouch, designed to bring organization to the dusty, dirty, and muddy world we work and play in. Made from polymer infused textiles that are welded on all seams and use a genuine YKK® water resistant zipper. The construction methods and materials used mean that these pouches are at home in hard use applications like tool storage or bulk storage of your reloaded ammunition as well as lighter duties like organizing your personal electronic accessories. Although these pouches are not 100% water proof (read submersible...) they will keep your items dry under most wet weather situations making them a great choice for most outdoor adventures.

## TERRAIN EYEWEAR

The Terrain is designed for our most demanding customers, and it's well suited for those who require ballistic and safety protection for maximum coverage in a larger frame. With its polycarbonate lenses and frames constructed from the strongest thermoplastic material available for eyewear (TR90NZZ), the Terrain provides extreme impact resistance, durability, and flexibility in a lightweight package.

Features: Constructed of TR90NZZ, the frames combine lightweight construction and ballistic protection, providing rugged strength and flexibility with maximum overall coverage • Oleophobic treatment of lenses provides liquid and other chemical protection and added scratch resistance. Anti-reflective coating on inside of lenses minimizes distracting reflections • Available with polarized and non-polarized lenses

**MAG1020-061:** Non-polarized • Black/gray

**MAG1020-655:** Non-polarized • Gray/rose

**MAG1021-221:** Polarized • black/bronze • Gold mirror

**MAG1021-229:** Polarized • Tortoise/bronze

**MAG1021-240:** Polarized • Black/bronze •

**MAG1021-930:** Polarized • Gray/rose • Blue mirror

## EXPLORER EYEWEAR

The Explorer is a casual design that incorporates high performance features for those times when you want both protection and style in your life. With the same lens and frame construction and materials as the Terrain and the Summit, the Explorer provides extreme impact resistance, durability, and flexibility in a more lightweight package you can wear everywhere.

Features: Constructed of TR90NZZ, the frames combine lightweight construction and ballistic protection, providing rugged strength and flexibility with maxoverall coverage • Oleophobic treatment of lenses provides liquid and other chemical protection and added scratch resistance. Anti-reflective coating on inside of lenses minimizes distracting reflections • Available with polarized and non-polarized lenses

**MAG1024-061:** Non-polarized • Black/gray

**MAG1025-221:** Polarized • Black/bronze • Gold mirror

**MAG1025-229:** Polarized • Tortoise/bronze

**MAG1025-240:** Polarized • Blue mirror

**MAG1025-350:** Polarized • Black/gray • Green

**MAG1025-840:** Polarized • Tortoise/bronze • Gold mirror

**MAG1025-901:** Polarized • Tortoise/bronze • blue mirror

## SUMMIT EYEWEAR

Designed for our most demanding customers, the Summit provides premium ballistic and safety rated protection in a smaller frame than the Terrain. Its TR90NZZ frames and polycarbonate lenses combine to create the same extreme impact resistance and versatility as the Terrain, but with a smaller fit and coverage.

Features: Constructed of TR90NZZ, the frames combine lightweight construction and ballistic protection, providing rugged strength and flexibility in a smaller frame • Oleophobic treatment of lenses provides liquid and other chemical protection and added scratch resistance. Anti-reflective coating on inside of lenses minimizes distracting reflections • Available with polarized and non-polarized lenses

**MAG1022-061:** Non-polarized • Black/gray

**MAG1022-655:** Non-polarized • Gray/rose

**MAG1023-221:** Polarized • Black/bronze • Gold mirror

**MAG1023-229:** Polarized • Tortoise/bronze

## SOLUTION FOR IMPROVEMENT

MantisX is a firearm training system that helps you shoot better by giving you real-time feedback on your shooting mechanics. 94% of shooters improve within 20 minutes of using MantisX.

Analyzing an individual shot or the group of shots, MantisX provides you with a suggestion that could improve your shooting mechanics. Read the coaching tips to know how to focus your efforts in the next round of shooting.

## HOW DOES **MANTISX** WORK?

---

### ATTACH THE DEVICE

---

Connect **MantisX** to the accessory rail, just like other accessories.

### CONNECT THE PHONE

---

Install the smartphone application, turn on **MantisX**, and pair the device with a phone via Bluetooth. Available for both Android and iOS.

### COLLECT THE DATA

---

Evaluate shooting performance, identify areas of improvement, and track progress over time.

## WHAT EXACTLY DOES **MANTISX** DO?

---

### ANALYZES EVERY SHOT

---

**MantisX** detects each shot you make, analyzes the movement of the firearm during the trigger pull, and assigns a score to each shot that signifies deviation from the aiming position.

### PROMOTES IMPROVEMENT

---

Based on the movement patterns of the firearm, **MantisX** identifies areas of improvement and provides coaching that will improve your mechanics, your score, and your precision.

### TRACKS PERFORMANCE

---

**MantisX** keeps track of all your shooting sessions and generates useful reports that will help you identify your shooting trends, gauge your progress, and set adequate improvement goals.

#### MANTISX FIREARMS TRAINING SYSTEM

MantisX is a data-driven approach to mastery. While attached to a pistol or rifle, it analyzes every shot and generates actionable data you can use to improve • MantisX Shooting Performance System includes: MantisX smart sensor • MantisX app, for use on your iOS and Android smartphone/tablet that supports Bluetooth 4.0 (free download) • Micro-USB charging cable

**MT-1001:** BLK

#### UNIVERSAL MAGRAIL

A Picatinny rail adapter that bonds to the bottom of your magazine floor plate so you can attach the MantisX to your firearm.

**MT-2001:** BLK

#### GLOCK (DOUBLE STACK) 9MM/.40

Replaces the standard Glock double stack magazine floor plate (9mm and .40) with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail.

**MT-2002:** BLK

#### GLOCK 42

Replace the Glock 42 magazine base plate with a rail adapter so you can attach the MantisX to your G42

**MT-2003:** BLK

#### GLOCK 43

Replace the Glock 43 magazine base plate with a rail adapter so you can attach the MantisX to your G43

**MT-2004:** BLK

#### RUGER LCP

Replace the Ruger LCP 380 magazine base plate with a rail adapter so you can attach the MantisX to your LCP 380

**MT-2005:** BLK

#### RUGER LC9

Replace the Ruger LC9 magazine base plate with a rail adapter so you can attach the MantisX to your LC9

**MT-2006:** BLK

#### SIG SAUER P938

Replace the Sig Sauer P938 magazine base plate with a rail adapter so you can attach the MantisX to your P938

**MT-2007:** BLK

#### SIG SAUER P226

Replace the Sig Sauer P226 magazine base plate with a rail adapter so you can attach the MantisX to your P226

**MT-2008:** BLK

#### S&W BODYGUARD

Replace the Smith & Wesson Bodyguard .380 magazine base plate with a rail adapter so you can attach the MantisX to your Bodyguard .380

**MT-2009:** BLK

#### S&W M&P SHIELD 9MM

Replacement magazine floor plate that adds a picatinny rail for accessory attachment. Takes less than a minute to swap out, and allows you to use Mantis in a variety of training scenarios

**MT-2010:** BLK

#### SPRINGFIELD XD-9

Replace the Springfield XD-9 magazine base plate with a rail adapter so you can attach the MantisX to your XD-9

**MT-2011:** BLK

#### SPRINGFIELD XD-S

Replace the Springfield XD-S magazine base plate with a rail adapter so you can attach the MantisX to your XD-S

**MT-2012:** BLK

#### HK VP9 P30 9 MM

Replaces the standard HK VP9 P30 9 mm magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws

**MT-2018:** BLK

#### SIG SAUER P320

Replaces the standard Sig Sauer P320 or P250 magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws.

**MT-2021:** BLK

#### SPRINGFIELD XDM

Replacement magazine floor plate that adds a picatinny rail for accessory attachment to Springfield XDM models

**MT-2013:** BLK

#### WALTHER PPS M2 9 MM

Replaces the standard (6-round) Walther PPS M2 9 mm magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws.

**MT-2019:** BLK

#### S&W M&P SHIELD 45

Replaces the standard S&W M&P Shield 45 magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws.

**MT-2022:** BLK

#### 1911 WILSON COMBAT 9 MM

Replace the Wilson Combat 47D 1911 magazine base plate with a rail adapter so you can attach the MantisX to your 1911

**MT-2014:** BLK

**MT-2015:** 1911 Wilson combat .45 • BLK

#### WALTHER PPQ M2 9 MM

Replaces the standard Walther PPQ M2 9mm magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws.

**MT-2020:** BLK

#### KAHR K9 9 MM

Replaces the standard Kahr 9 mm magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail.

**MT-2023:** BLK

#### GLOCK .45 ACP/10 MM

Replaces the standard Glock .45 ACP/10mm magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws.

**MT-2024:** BLK

#### HK USP COMPACT

Replaces the standard HK USP Compact magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws. For 9 mm and .40 caliber USP Compact.

**MT-2028:** BLK

#### SIG SAUER P238

Replace the Sig Sauer P238 magazine base plate with a rail adapter so you can attach the MantisX to your P238. This adapter replaces the magazine with the pinky extension.

**MT-2031:** BLK

#### BERETTA M92FS / M9

Replaces the standard Beretta 92 magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws.

**MT-2026:** BLK

#### CZ 75

Replaces the standard CZ 75 magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws. Note: This is for the restricted 10-round magazine only.

**MT-2029:** BLK

#### SIG SAUER P365

Replaces the standard Sig Sauer P365 magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws. Three variants: 10-round, 10-round with pinky extension, 12 round

**MT-2051:** BLK

#### SPRINGFIELD XDM

Replacement magazine floor plate that adds a picatinny rail for accessory attachment to Springfield XDM models. Takes less than a minute to swap out, and allows you to use Mantis in a variety of training scenarios.

**MT-2027:** BLK

#### S&W M&P SHIELD .40

Replaces the standard S&W M&P Shield 40 magazine floor plate with a rail adapter so you can attach the MantisX to your firearm if it doesn't have an existing rail, or if you want to work with holster draws.

**MT-2030:** BLK

#### BEAMSHOT ADAPTER

The BEAMSHOT RF9 mount Creates a standard 1913 picatinny rail system on bull barrel long guns. Included in the RF9 kit are 4 different size spacers. Fits on all round barrel type firearms; Ideally suited for 12, 16, 20, 28 gauge shotguns and all kinds of rifles, with an outer diameter of 20-24 mm

**MT-3003:** BLK

## SMARTER MANUFACTURING

For over fifty years, family pride, hard work and dedication, along with forefront thinking, proprietary manufacturing techniques have been incorporated into the formula of Mec-Gar®'s success. Unlike many other manufacturers, our state-of-the-art facilities and tool shops are dedicated to the manufacturing of firearm magazines and offer all services in-house. We are proudly dedicated to making high-quality magazines that get the job done.

From initial design consultation through final manufacturing, we meet the needs of firearm manufacturers, all while maintaining the highest quality magazines in the industry.

## ACCESSORIES FOR THE PROFESSIONAL

Mesa Tactical™ is a manufacturer of tactical shotgun accessories for the professional operator. After starting out with telescoping shotgun stock systems in 2004, their SureShell® aluminum shotshell carriers have become standard equipment among many US law enforcement agencies, with over 73,000 shipped.

Mesa Tactical™ warrants that all products are free from defective material and workmanship and agrees to repair or replace any part of a product that proves defective by reason of improper workmanship or materials without charge for parts and labor.

## TELESCOPING STOCK ADAPTERS AND STOCK KITS

The aluminum adapter kits include everything necessary to retrofit Remington® or Mossberg® pump shotguns with most AR-15 style stocks and pistol grips. The adapter kits allow customers to add their own AR-15 stock assemblies as desired.

The complete stock kits are more comprehensive. They include the aluminum AR adapter; Hogue® rubber overmolded grip; US-made Mil-Spec six-position M4 SOPMOD style telescoping stock assembly; and all necessary assembly hardware and instructions. The High-tube® stock kits also include a top picatinny rail. A telescoping shotgun stock multi-tool and push-button sling swivel are included with every stock kit.

Urbino pistol grip stock for Remington® Versa Max® (riser Limbsaver 12 gauge) • Weight: 35 oz

**93520**

Pocket ambi hook loop for Urbino® stock for Benelli® M4 • 12 gauge • Weight: 1 oz

**91780**

LEO® telescoping stock kit for Remington® 870 • 12 gauge • Weight: 31 oz

**91260**

LEO® telescoping hydraulic recoil stock kit for Remington® 870 • 12 gauge • Weight: 40 oz

**92230**

High-tube® telescoping stock kit for Remington® 870 barrel clamp 24" rail

**92050**

Sling loop for Remington® shotguns

**90330**

## BUILDING THE BEST EQUIPMENT POSSIBLE

Phase 5™ began after their founder designed and built a firearm component in his garage workshop. He showed the piece to a local shopkeeper, who said, "This is great. How many of them can you make for me?" And just like that, they were in business.

It's their job and their passion to build the best equipment possible for these dedicated professionals. That's why they create components that meet their specific needs. That's why they constantly upgrade their ability to tool pieces with more precision and durability. That's why every part and weapon they build is made in America, on American-built machines, with American-built components.

### AMBIDEXTROUS BATTLE LATCH

Charging handle assembly incorporates several structural and functional improvements, including a truly ambidextrous design ideal for left-handed users • Overall length: 7.5" • Weight: 48.7 grams

**ABL/CHA: BLK**

### BATTLE LATCH

Battle latch/charging handle assembly incorporates an upgraded .1875 mm stainless coiled spring pin and increased sidewall thickness to provide exceptional performance under repeated abuse • Broad contact points assure a reliable grip no matter the situation • Overall length: 6.75" • Weight: 42.6 grams

**BL/CHA: BLK**

### .308 AMBIDEXTROUS BATTLE LATCH

Ambidextrous and one handed shooter operation built-in latch and handle contact stop point • Type III Mil-Spec black hard anodized finish

**ABL/CHA716: BLK**

**ABL/CHA-GREY: Grey**

**ABL/CHA-RED: Red**

### AR-15 NICKEL BORON BOLT CARRIER GROUP

Phase 5 nickel boron AR-15 bolt carrier group • The nickel boron coated bolt carrier group enhances reliability, lessens cleaning time, improves corrosion resistance and minimizes required bolt lubrication • Nickel boron coated bolt carrier, heat treated & hardened • Hardened gas key, grade 8 hardened fasteners

**BCG-AR-15 NIBX: Nickel**

### M16/M4 CHROME LINED BLACK

Mil-Spec M16/M4 heat treated and chrome lined carrier • Assembled complete with cam pin • Firing pin • Bolt and gas key • HPT/MPI tested bolt • Drop-in BCG, ready to shoot • Finish: Standard black phosphate coating • Overall length: 7.5" • Weight: 327.4 grams

**BCG-M16: BLK**

### PISTOL BARREL

Phase 5™ introduces the AR type pistol barrel in 7.5" • This precision air-gauged barrel is heat-treated fully then thermo stress-relieved for optimum durability and performance • Chambered for 5.56 NATO • Threading: Mil-Spec 1/2x28 • Overall length: 7.5" • Weight: 1 lb/ 1.4 oz

**41V50-7.5EN: BLK**

### HEXONE™ BUFFER TUBE

AR-15 pistol buffer tube, perfect for 300 BLK or 5.56 NATO • Diameter: edge to edge OD: 1.4" • Flat to flat OD: 1.25" • Tube is designed to fit Mil-Spec carbine buffer and spring

**HEXONE-GREY: Grey**

**HEXONE-RED: RED**

### AR-15 PISTOL BUFFER TUBE

Tube is designed to fit Mil-Spec carbine buffer and spring • Finish adds durability and visual appeal that ensures reliability against component wear • Slot offers maximum compatibility by accepting all Mil-Spec end plates and sling mounting accessories

**PBT-GREY: Grey**

**PBT-RED: RED**

### HEX-2™ GREY BUFFER TUBE (HEX-2)

The Phase 5™ Hex-2™ grey is an AR type buffer tube • This tube has been specifically designed to utilize the Sig Sauer™ SB15 pistol stabilizing brace • Tube is also designed to fit Mil-Spec carbine buffer and spring

**HEX-2-GREY: Grey**

**HEX-2-RED: RED**

### 90 DEGREE AMBI SAFETY SELECTOR

Package includes: 90-degree throw center core • 1 long lever • 1 short lever • 2 torx screws • 1 torx wrench

**SAFE90-BLK: BLK**

**SAFE90-RED: Red**

**SAFE90-BLUE: Blue**

**SAFE90-GREY: Grey**

### BILLET UPPER RECEIVER

The Bur is a super duty 7075 T6 billet aluminum, ball milled upper receiver that will hold up to the most extreme cases of abuse • Features a super thick body that has been accurately machined and is the same unit chosen for the Atlas One™ pistol • Overall length: 7.5" • Weight: 247 grams

**BUR: BLK**

### 7.5" LO-PRO SLOPE NOSE (LPSN) FREE FLOAT QUAD RAIL • M-LOK

The LPSN 7.5" M-LOK version, inspired by multiple beneficial features that shooters have requested and demanded from us and other manufacturers. The slender design, longer nose, ease of installation and superior construction are some of the features that we designed into this 7.5" M-LOK quad rail system.

**LPSN7.5 MLOK: BLK**

### 7.5" LO-PRO SLOPE NOSE FREE FLOAT QUAD RAIL

The Phase 5™ LPSN™ was developed as an improvement to our previous quad rail. The new LPSN™ was inspired by lots of beneficial features that shooters have requested and demanded from us and other manufacturers. The slender design, longer nose, ease of installation and superior construction are some of the features that we designed into this system. Another development feature is the finish quality. The LPSN™ undergoes a rigorous extra de-burring process in order to ensure a smoother snag free finish. The details and level of care during the manufacturing of the LPSN™ make it the perfect choice for your carbine or Pistol build. Overall Length: 7.5" • Weight: 364.9 grams

**LPSN7.5: BLK**

### COMPLETE P5T15 RIFLE UPPER ASSEMBLY

Features: forged 7075 T6 aluminum upper receiver • 15" lo-pro slope nose (LPSN15) quad rail with "true fit technology™" • 16" 4150 chrome lined, 1:8 twist, button rifled, M4 extension/M4 feed ramps with mid length gas systems and lo-pro gas block • M16 bolt carrier group - black phosphate, chrome lined • Ambidextrous battle latch charging handle assembly (ABL/CHA) • Fatman hex brake • A.R.M.S. 71L flip up sight set

**RIFLE – P5T15 COMPLETE UPPER: BLK**

**RCK – P5T15 COMPLETE UPPER: BLK**

### CARBINE MINI STOCK ASSEMBLY

The Phase 5™ carbine mini stock assembly (CMSA) is a combo kit featuring our universal mini stock (UMS) mounted on our HexOne buffer tube for an excellent compact fixed stock solution. The UMS is also compatible with a number of other buffer tubes, including Mil-Spec carbine receiver extensions and most round tubes, it was designed to complement the sturdy HexOne buffer tube.

**CMSA: BLK**

### AR-15 PISTOL COMPLETION KIT

Kit features a forged complete upper receiver assembly, including a 7 1/2" barrel with 1-7" twist and Mil-Spec M4 feed ramps, lo-pro slope nose quad rail, battle latch charging handle, and chrome lined bolt carrier group. Upper assembly also comes with a lo-pro gas block, gas tube, flash hider, forward assist, and dust cover. To complete the lower receiver, kit comes with the Phase 5™ lower parts kit, winter trigger guard, plus the pistol buffer tube assembly with spring and buffer included.

**PCK: BLK**

### PHASE 5™ ENHANCED LOWER PARTS KIT

Kit includes everything needed to build a complete AR-15 lower receiver as well as the Phase 5™ extended bolt release V2 (EBRV2™) and the winter trigger guard (WTG™).

**PHASE 5 ENHANCED LPK: BLK**

### AR-15 COMPLETE PISTOL BUFFER TUBE ASSEMBLY

The Phase 5™ Tactical™ AR-15 pistol buffer tube complete assembly partners a carbine spring, billet aluminum pistol buffer tube, Mil-Spec end plate, Mil-Spec castle nut, Mil-Spec carbine buffer and our ultra-durable NPVC-constructed buffer tube foam pad. The lower slot is machined to accept all Mil-Spec end plates and sling mounting accessories • Overall length: 7.4" • Weight: 319T grams • Overall diameter: 1.25"

**PBT-CA: BLK**

### EXTENDED BOLT RELEASE V1

When mounted to your existing bolt catch, the Phase 5™ extended bolt release V1 helps clear jams and double feeds efficiently during magazine reloads while allowing faster operation • Overall length: 2.25" • Weight: 18.2 grams

**EBRV1: BLK**

### REVOLVING SLING ATTACHMENT SOLUTION

Tactical revolving sling attachment solution is an ambidextrous rear sling attachment solution that moves from left to right freely, smoothly and quietly. The revo also has patent pending technology developed to internally limit the amount of rotation and eliminates external obstruction issues completely. The Revo-SAS™ is machined from billet steel for maximum strength and durability • Overall length: 2.15" • Weight: 36.2 grams

**REVO: BLK**

### EXTENDED BOLT RELEASE V2 .308

The Phase 5™ EBRV2 gives the operator the ability to reload quicker, clear jams in a more efficient way and eliminate unnecessary hand movements during various operations • Overall length: 2.15" • Weight: 23.2 grams

**EBRV2308: BLK**

### WINTER TRIGGER GUARD STYLED

The newly revised Phase 5™ winter trigger guard (WTG) is aggressively styled, but, creates more space in the trigger area a useful feature when wearing gloves or when running other components like the extended bolt release V1 or EBRV2 • Overall length: 2.29" • Weight: 10.8 grams

**WTG:** BLK

### BATTLE LATCH EXTENSION

The Phase 5™ BLE is an upgrade that allows for quick and easy operation of the charging handle. Designed with full broad contact points for both traditional and tactical weapon manipulation, the BLE is great for scope-mounted flat-top receivers and allows expedited reloads along with immediate rifle actions • Overall length: 1.3" • Weight: 7.4 grams

**BLE:** BLK

### AR-15/M16 PISTOL PIGTAIL GAS TUBE

This pigtail gas tube was designed to solve timing problems for 7.5" AR pistols. The pigtail design causes the tube to simulate a more standard cycle time and helps remedy timing problems without patchwork like a heavier buffer, etc. This allows the shooter/builder to use standard Mil-Spec carbine parts for better reliability. Fits 7.5" barrels only • Overall length: 6.75" • Weight: 26.1 grams

**PIGTAIL:** BLK

### AMBI CHARGING HANDLE LATCH

The Phase 5™ Tactical™ ACHL gives the operator the ability to utilize the charging handle in a more effective manner • Overall length: 2.65" • Weight: 6.1 grams

**ACHL:** BLK

### MINI HAND STOP

Specs: Weight: 0.5 oz • Length: 2.125" • Width: 0.60" • Height: 1" • Material: 6061-T6 billet aluminum

**MHS-DT-BLK:** BLK

**MHS-DT-GREY:** Grey

**MHS-DT-RED:** RED

### MINI HAND STOP • M-LOK

Specs: Weight: 0.5 oz • Length: 2.125" • Width: 0.60" • Height: 1" • Material: 6061-T6 billet aluminum • Compatibility: Any M-LOK rail system

**MHS-MLOK-BLK:** BLK

**MHS-MLOK-GREY:** Grey

**MHS-MLOK-RED:** RED

### MARY RAM

The Mary ram was designed as a multipurpose tool. Esty breaching mary ram designed w/ strike face and patented fork.

**MARY RAM:** BLK

### SINGLE-POINT BUNGEE SLING

The Phase 5™ single-point bungee sling with molle attachment system allows a weapon to be carried close to the operator's body, resulting in superb quick-to-shoulder capability. Sling features a heavy-duty elastic shock-cord with reinforced hog-ring clips for extra weight support • Overall Length: Adjustable • Weight: 243.7 grams

**SLG-BLK:** BLK

### SINGLE-POINT BUNGEE

The Phase 5™ single-point bungee sling with molle attachment system allows a weapon to be carried close to the operator's body, resulting in superb quick-to-shoulder capability. Designed for use with AR-15/M-16/CAR/M4/AR-15 pistol

**SLG-DSRT:** digital desert camo

**SLG-MC:** multicam

### BETSY BAR

Betsy is made from all tool steel, built to last and destroy all that she comes across. Esty Breaching Betsy bar designed w/ spike and patented fork

**BESTY BAR:** BLK

### AR-15 EJECTION PORT COVER

Laser engraved AR-15 ejection port cover dust cover • Standard Mil-Spec plate, with a black parkerized finish • Includes dust cover only, no hardware • Overall length: 3.1" • Weight: 14.7 grams

**EPC-SURPRISE:** BLK

ONE AND ONLY INVENTOR  
OF THE RAPTOR  
CHARGING HANDLE

At Radian Weapons, we design and manufacture the most innovative, professional-grade firearms and components on Earth. We've focused on building top-tier, battle-proven products and we've done that by implementing stringent unrelenting quality standards.

Radian Weapons is the one and only inventor of the Raptor™ charging handle, the AX556 lower receiver, the fully ambidextrous Model 1 Carbine. Products you'd be comfortable staking your life on because oftentimes, you are.

## AMBIDEXTROUS RAPTOR™ CHARGING HANDLE FOR SIG MPX

Ambidextrous Raptor™ charging handles for SIG MPX™ & SIG MCX™. The patented Raptor provides improved ergonomics and functionality compared to the factory variants. Its ambidextrous design allows rapid palm blading" or finger-thumb charging of the weapon, ensuring the motion is fluid and fast from either strong or support side. The included support arm, which replaces the factory spring plate/housing, biases the Raptor upward to minimize scratching or damage to the receiver often caused by the factory charging handle. These variants are compatible with all generations of semi-auto and full-auto SIG MPX/MCX firearms.

Raptor ambidextrous charging handle for SIG MPX

## AMBIDEXTROUS RAPTOR-SD™ CHARGING HANDLE AR15/M16 & AR10/SR25

The silencer-optimized Raptor-SD™ features a ported shaft designed to redirect gasses down and forward, away from the shooter's face when shooting suppressed. Its ambidextrous design allows rapid palm "blading" or finger-thumb charging of the weapon, ensuring the motion is fluid and fast from either strong or support side. The Raptor-SD™ is compatible with most AR15/M16 or AR10/SR25 pattern rifles. Machined from 7075-T6 aluminum MilSpec type 3 hard coat anodized finish w/ cerakote color options.

## AMBIDEXTROUS RAPTOR-LT™ CHARGING HANDLE FOR AR15/ M16 & AR10/SR25

Utilizing the same patented ambidextrous functionality as its predecessor, the Raptor-LT handles are machined from 7075 aluminum, MILSPEC Type III hard anodized, then over molded with high-strength, fiberglass reinforced polymer for the ultimate combination of strength, weight, and durability. Compatible with AR15/M16 or AR10/SR25 pattern rifles, the Raptor-LT is available in black, flat dark earth, and grey, all designed to match standard Magpul® color offerings.

**86592:** 700® Police • 300 AAC® 16.5" barrel

**25737**

### 700® POLICE LTR LIGHT TACTICAL RIFLES

Model 700P LTR (light tactical rifle) features a slimmed down stock to improve portability and reduce weight. The flutes in the 20" LTR not only assist in weight reduction and heat dissipation, but are engineered to enhance barrel rigidity for pinpoint accuracy. Like its big brother, the LTR stock is laid up around an aircraft-grade aluminum bedding block that runs up the entire length of the receiver. It has a textured, black, non-reflective finish and comes with sling swivel studs. The Model 700P LTR is also available with a threaded muzzle and in left-handed version.

**25737:** .223 Rem. • 20" fluted barrel • 1x9" twist • 7 1/2 lbs • 4 shots capacity • HS precision stock • Parkerized finish

#### **700® POLICE TWS (TACTICAL WEAPON SYSTEM)**

The Model 700P Tactical Weapon System (TWS) package includes a Leupold Mark IV 3.5-10x40 mm scope with Duplex™ reticle. It comes installed on the rifle and fitted with Butler Creek lens caps. A Harris 1A2 bipod, a Michaels 1" Quick Adjust™ sling with swivels, and a rugged Pelican® hard case round out the system. Also available in Model 700P LTR TWS, both rifles are only in .308 Win.

**25711:** 700P TWS • .308 Win • 26" barrel • 1x12" twist • 10 1/2 lbs • 4 shot capacity

**25635:** 700P LTR TWS • .308 Win • 20" barrel • 1x12" twist • 10 1/2 lbs • 4 shot capacity

**86676:** 700 TWS (tactical weapon system) featuring a model 700P (#25709/86672) • Leupold MK4 LR/T 4.5x14x50 M1 TMR scope with mounts installed on rifle • Butler Creek lens caps, Harris 1A2 Bipod, Michaels quick-adjust sling with QD swivels and Pelican case

**86677:** 700 Police LTR TWS (tactical weapon system) featuring a Model 700P LTR (#25739/86673) • Leupold MK4 LR/T 4.5x14x50 M1 TMR scope with mounts installed on rifle, Butler Creek lens caps, Harris 1A2 Bipod • Michaels quick-adjust dling with QD swivels and Pelican case

**86678:** 700™ Police LTR TWS • Includes AAC Suppressor (tactical weapon system) includes: Model 700P LTR (#25739/86673), Leupold MK4 LR/T 4.5x14x50 M1 TMR scope with mounts installed on rifle, Butler creek lens caps, Harris 1A2 Bipod • Michaels quick-adjust sling with QD swivels and Pelican case

**86668**

#### **REMINGTON® CONCEALABLE SNIPER RIFLE**

The Remington Concealable Sniper Rifle (CSR) is an operator's dream rifle, as it should be; because it was designed specifically for them. The CSR is lightweight, modular, and be broken down to fit inside of a backpack and in conjunction with an experienced user it can be reassembled and ready to fire in under one minute. The CSR breaks down into just three components: the receiver with folding stock, the handguard, and the barrel. One of the most impressive features is that it solves a major problem when it comes to modular sniper rifle systems; and that is loss of zero when removing the barrel. A combination of locking lugs, alignment pin, and barrel nut ensures that the barrel firmly connects with the receiver the exact same way, every time, eliminating that problem.

**86668:** CSR 16.5" rifle only

STORMLAKE BARRELS™

**SUPERIOR STRENGTH.  
DURABILITY.**

When looking for precision and striving for the ultimate in accuracy, StormLake™ provides barrels that are second to none. Performance and durability when you need it, coupled with aftermarket technology that provides shooters with more options when heading to the range. Whether your goal is competition superiority or simply a more reliable and accurate sidearm, StormLake™ has the options you want.

416R quality stainless steel. Vacuum heat treated to finished hardened state of 40-42 HRC for superior accuracy and durability. Traditional broach cut rifling induces no additional stress on material and creates true squared lands and grooves for superior accuracy.

### 1911

Officer, commander, and government models available. Standard bushing style or bull barrel available for commander and government models. Extended length and threaded options are available. Oversize and drop-in options are available, as well as kit option combinations of link, pin, and bushing. Ramp options include non-ramped, Wilson/Nowlin, and Para® ramp. Check with the manufacturer of your attachment to verify thread option before ordering • Caliber: .45 ACP • 9 mm

**34075:** SST

### SMITH & WESSON®

All barrels are chambered for full case support. All Smith & Wesson® M&P barrels are drop in and will only occasionally require modification to fit. Extended lengths are available, as well as ported and threaded options. Two port options are extended barrels with ports beyond the end of the slide. 40 S&W® to 9 mm conversion barrels require the use of a 9 mm magazine. Length: 5.71" • Caliber: 45 ACP • 9 mm • 357 sig • .40 sew

**34147:** SST

### SPRINGFIELD®

All barrels are chambered for full case support. All XD and EMP barrels are drop in and will only occasionally require a gunsmith to fit. Extended lengths are available, as well as ported and threaded options. All Models have a 2-port extended barrel option with the ports extending beyond the end of the slide.

Check with the manufacturer of your attachment to verify thread option before ordering. 40 S&W® to 9 mm conversion barrels require the use of a 9 mm magazine. 40 S&W® and 357 sig barrels are interchangeable. XD barrels and conversions are currently only available for the 40 S&W® and 9 mm 4.5 and 3.8 Models. Length: 4.60" • Caliber: .45 ACP • 9 mm • 357 sig • 40 sew

**34094:** SST

### GLOCK®

All barrels are chambered for full case support. All Glock® barrels are drop in and will only occasionally require modification to fit. Extended lengths are available, as well as ported and threaded options.

Two port options are extended barrels with ports beyond the end of the slide (available for Models 17, 19, 20, 21, 22, 23, 26, 27, 29, 30, 31, 32, 33, 34, 35). Four port options are standard length barrels where all ports are within a slide cutout area - a cutout in the slide is required to accommodate the ports (available for models 17L, 24, 34, 35), or with all ports extended beyond the end of the slide (available for models 20 and 21). Six port options have a combination of the two ports beyond the end of the slide and four ports within the slide cutout area (available for models 34 and 35).

Check with the manufacturer of your attachment to verify thread option before ordering. 40 S&W-to-9 mm conversion barrels require the use of a 9 mm magazine. Length: 5.32" • Caliber: .45 ACP • 9 mm • .357 sig • 40 S&W®

## OVER 60 YEAR OF EXPERIENCE

Each Timney trigger is manufactured, hand assembled, calibrated and tripped by triggering experts at our state-of-the-art facility in Phoenix, AZ. Our triggers exceed the highest quality standards and come with a 100% lifetime warranty.

If you have a problem or question about your replacement trigger, the expert team is ready to help you. At Timney Triggers, they are proud not only to produce the best replacement triggers in the world, but also to provide world-class customer support to those who trust our products.

## SPORTSMAN MAUSER

Fully adjustable • 2 to 4 pounds trigger pull weight • Light weight alloy housing • Machined and hardened steel working surfaces. Some stock inletting required

- 101:** Mauser 98FN • 3 lbs
- 102:** Mauser 98K • 3 lbs
- 103:** Mauser 95-6 • 3 lbs
- 104:** Mauser 91-4 • 3 lbs
- 105:** Mauser 91-4K • 3 lbs

## FEATHERWEIGHT MAUSER

Pull weight adjusts between 1.5 and 4 pounds • Working surfaces are EDM machined, hardened and polished

- 201:** Mauser 98FN Featherweight • 3 lbs
- 202:** Mauser 98K Featherweight • 3 lbs
- 203:** Mauser 95-6 Featherweight • 3 lbs
- 204:** Mauser 91-4 Featherweight • 3 lbs
- 205:** Mauser 91-4K Featherweight • 3 lbs

## FEATHERWEIGHT DELUXE

Mauser with safety • Features a trigger blocking side safety • Pull weight adjusts between 1.5 and 4 lbs

- 301:** Mauser 98FN • 3 lbs
- 302:** Mauser 98K • 3 lbs
- 303:** Mauser 95-6 • 3 lbs
- 305:** Mauser 91-4 • 3 lbs
- 306:** Mauser 91-4K • 3 lbs
- 315:** Mini Mauser • 3 lbs

## MOSIN NAGANT

The Mosin-Nagant features a trigger blocking side safety, adjustable trigger pull weight 1.5 to 3 pounds with heat treated components assembled in a lightweight alloy housing

- 307:** 3 lbs with safety

## ENFIELD TRIGGERS

American enfields only: Fits most bolt-action rifles built on enfield type actions • Fully adjustable, 2 to 4 pounds trigger pull weight

- 110:** 5 shot magazine • 3 lbs
- 111:** 6 shot magazine • 3 lbs

## ARISAKA 7.7 (MODEL 99)

Pull weight adjustable 1.5 to 4 lbs

- 313:** Arisaka 7.7 • 3 lbs with safety

## WINCHESTER 70 TRIGGERS

Pull weight adjustable 1.5 to 4 lbs

- 401:** Winchester 70 • Black finish • 3 lbs
- 401-16:** Winchester 70 • Nickel plated finish • 3 lbs

## WINCHESTER 70 MOA TRIGGERS

Pull weight adjustable 1.5 to 4 lbs

- 402:** Winchester 70 MOA • Black finish • 3 lbs
- 402-16:** Winchester 70 MOA • Nickel plated finish • 3 lbs

## REMINGTON® TACTICAL TRIGGERS

Pull weight adjustable 4-8 oz

- 500T:** Remington® 600 tactical 4 oz
- 501T:** Remington® 700 tactical 4 oz

## SPRINGFIELD® TRIGGERS

Pull weight adjustable 1.5 to 4 lbs • Fully adjustable 2-4 pounds trigger pull weight • Single stage

- 109:** Springfield® Sportsman • 3 lbs
- 209:** Springfield® Featherweight • 3 lbs
- 310:** Springfield® Featherweight deluxe • 3 lbs

## ARISAKA 6.5 (MODEL 38)

Will fit the Japanese Arisaka 6.5 rifles • Includes a trigger blocking safety • Fully adjustable for weight of pull between 2 and 4 lbs

- 312:** Arisaka 6.5 • 3 lbs with safety

## REMINGTON® 788 WITH SAFETY

Pull weight adjustable 1.5 to 4 lbs • Trigger type single stage

- 788:** 3 lbs • BLK

## SILVER RUGER® 10/22® TRIGGER/GUARD

Complete assembly • Pull weight 2 3/4 lbs • not adjustable

- 1022-1C-16:** Black shoe
- 1022-2C-16:** Red
- 1022-3C-16:** Blue
- 1022-4C-16:** Gold
- 1022-5C-16:** Green
- 1022-6C-16:** Silver
- 1022-2CE-16:** Red shoe

### REMINGTON® 700 CALVIN ELITE 2 STAGE TRIGGERS WITH SAFETY

1<sup>ST</sup> stage 8 oz to 1.5 lbs • 2<sup>ND</sup> stage pull weight adjustable 8 oz to 2 lbs • Lightweight 6061-T6 CNC machined aluminum housing with wire EDM cut • Heat treated tool steel trigger and sears

## SIMPLY THE MOST VISIBLE SIGHTS

XS® American made, Texas proud tritium night sights for pistols, rifles, shotguns and practical hunting rifle iron sights, scope and scout mounts. They build purpose-driven sights for easy visibility under stress and poor lighting conditions, decreasing the time it takes to find the front sight and make a reliable shot.

Their products are designed based on where, when and how they are to be really used. From field testing taking precedence over everything else, then manufactured to the highest standard and backed with a no-nonsense customer service policy.

## AR-15 AND M16 TACTICAL SIGHTS

XS® sights upgrades are all precision machined from stress-proof steel. Apertures and front posts/dots fit in any A2 Mil-Spec housing (front sight detent at 3, 6, or 9 o'clock). CSAT aperture also available for troy housing.

24/7 tritium stripe: .100 wide square top post for daylight and long range accuracy. White stripe reflects ambient light for excellent half-light sight acquisition. Trijicon® tritium for superb low-light sight visibility.

Precision tactical rear: XS® exclusive same plane design - Allows the shooter to change apertures without changing the rifles zero. Precision 100" I.D. aperture for great accuracy in daylight or at long range. Fast acquisition .230 aperture for low light and CQB.

### XS® UPGRADE FOR AK

Replacement front sight for AK: Tritium vial for night use. Eye catching white outline for day or low light use. Fully machined from stress proof steel. Easily replaces the factory front sight.

AK big dot express set or Standard Dot express Set: This sight provides a superior sight picture and quick acquisition, that works in harmony with your eye's physiology both in a fight and in the field. XS® big dot has an O.D. of .188" (approx. 3/16") and XS® Standard Dot has an O.D. of .140" (a little larger than 1/8") • Weight: 0.15 lbs

### AK-2001-6

### SPRINGFIELD® M1A RIFLE SIGHTS

XS® tactical sights for the Springfield M1A pair the XS® 24/7 tritium stripe front with Trijicon® Tritium vial, with a .125 rear aperture for extremely fast sight acquisition. Great for CQB and general use • Weight: 0.25 lbs

### SR-0002-8

### RUGER® TACTICAL RIFLE SIGHTS

XS® sights for Ruger® rifles: provide all the advantages of XS® AR-15 sights to the Ruger mini 14 family of rifles. The Mini 14 .140" I.D. rear sight gives a true ghost-ring sight picture for faster acquisition. The ranch rifle/mini 30 rear sight is fully adjustable and drops in without modifying your rifle • Weight: 0.25 lbs

### RU-2001-2

## HUNTING RIFLE SIGHTS

White on black front post that is perfect for all light conditions. The white stripe draws focus to the front sight for fast target reference. Large Ghost-Ring affords great field of view for fast target acquisition. Ghost-Ring rear sight is fully adjustable for windage and elevation. Sets include .230" and .191" I.D. apertures. Easy installation – in most cases matching existing screw holes requires a minimum, if any, gunsmithing.

### XTI™

Xpress threat interdiction, XS® 24/7 Dot® tritium express • Tritium front • Tritium rear • DIY install • Ambidextrous

**AR-0007-5:** Big Dot®

**AR-0007-6:** Standard Dot®
