

A photograph of a sunset over a body of water. The sky is filled with soft, golden light, and the water reflects the colors of the setting sun. In the foreground, there are several thin, dark branches with some leaves, silhouetted against the bright sky. The overall mood is serene and contemplative.

Who we are, what we do
and why we do it.

Your signature

It defines who you are. It is unique just like you. It evolves just like all of us. It's a part of you. It's your staple, your trademark. It's important.

"You don't have to be great to start somewhere, but you have to start somewhere to be great."

We put this Signature line together to offer Canadian hunters and sport shooters alike the opportunity to get a taste of la crème de la crème. When you hold one of our creations, you get a first-hand experience of the result of hours of thinking, tinkering and enhancing to bring you what we feel are some of the best firearm configurations in Canada.

You asked. We delivered.

AVALANCHE

The varmints won't see it coming much like an avalanche coming down the mountain.

BREAK UP THE PACK AND GET YOURSELF AN AVALANCHE.

Remington® Model 870, world's most sold pump action shotgun, ever.

26" barrel with Modified RemChoke®, practical length for various applications.

5-shot magazine extension, 10+1 loads of shooting pleasure.

Rugged polymer synthetic stock and fore end, maximum protection wherever you may be.

870 TRIGGER HAPPY

More steel hits the ground in the making of a Model 870 than you'll find butt to bore in the slapped-together aluminum wannabes on the market. Machining each receiver from a single 8 ½ pound billet of steel is a painstaking process, but well worth the result, the strongest, smoothest and most reliable pump shotgun ever built. Now available in a Canadian-compliant, 11 shot capacity.

Receiver machined from a single block of solid steel, nothing else needs to be said.

12

Chambered in 12 gauge, more bang for your buck.

Hard case provided to carry your happiness from place to place.

TAILOR

left view

It's not the size of the bat that determines how hard you hit the ball. The 870 Tailor offers you full size power with compact comfort.

Receiver machined from a single block of solid steel, unlike any other.

Rugged polymer synthetic stock and fore end, maximum protection wherever you may be.

26" barrel with removable modified RemChoke®, practical length for various applications.

3 1/2" Super Magnum chamber, to reach out and touch 'em.

Reduced (1") length of pull stock, snug and comfortable fit.

870 TAILOR

For those looking for a more tailored fit we've put together a special configuration built for your needs. With a reduced length of pull and Super Magnum capability, this is the "one shotgun to do it all". This pump-action boom stick features a non-glare matte finish on all exterior metalwork and an all-weather black synthetic stock and fore-end.

12

Chambered in 12 gauge, ultimate versatility.

Hard case provided to protect your beloved investment.

REMINGTON®

Model 870. Model 700. Model 783. Remington® flagships within an impressive fleet of firearms used by hunters, sport shooters, military and law enforcement agencies alike. With such a strong foundation, it was easy for us to be inspired and come up with unique, custom variants for the Canadian market.

BUSHMASTER®

Quality. Reliability. Accuracy. Durability. Value. No wonder we decided to add some Bushmaster products in our line-up. Choosing their components for our AR platforms was just as natural as breathing.

DPMS

DPMS Firearms, LLC is located in St. Cloud, Minnesota and currently ranks as the second largest manufacturer of AR-15 rifles* trailing only behind Bushmaster®. These firearms and patented accessories are currently in use worldwide by law enforcement agencies, military personnel and civilians.

AAC

Advanced Armament Corp. Superb design combining sleek looks and flawless performance. Since we wanted recoil and muzzle flash to be a thing of the past, Advanced Armament Corporation products made the cut.

MESA TACTICAL™

When our planners came up with the idea of a tactical shotgun. Mesa Tactical™ ended up being the indisputable choice: quality polymer and aluminum tactical shotgun enhancements that have been field-proven throughout the years.

RADIAN WEAPONS

(formerly AXTS Weapons Systems). Precision machining. Lifetime warranty. Impeccable finish. The adaptability, ease-of-use and installation of their components made it a simple decision to add these quality products to our Signature Series.

MAGPUL®

Let's face it: Magpul is a synonym of quality. Pushing the boundaries, offering the best products with continued innovation is perfectly in-tune with our own philosophy.

PHASE 5™

Meticulously fabricated components to meet specific needs. That's how Phase 5™ got started. To solve a specific problem with a custom solution. Their products are here to solve YOUR needs.
